OKALOOSA COUNTY DISTRICT SCHOOL BOARD MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the Okaloosa County District School Board has prepared the following discussion and analysis to provide an overview of the District's financial activities for the fiscal year ended June 30, 2015. The information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2014-15 fiscal year are as follows:

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2015, by \$90,425,308.17 (net position). Of this amount, \$75,286,629.24 represents a deficit unrestricted net position. This deficit represents the first reported deficit in net position in the history of the District. The major change in the financial position of the District that resulted in this first-ever deficit in unrestricted net position was the implementation of Government Accounting Standards Board (GASB) Statement No. 68.
- The District's total net position decreased by \$3,235,342.30, or 1.71 percent, excluding \$95,464,811 in adjustments made to decrease beginning net position. The adjustments to beginning net position are explained further in Note II. to the financial statements.
- General revenues and special items total \$258,523,743.28, or 94.11 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$16,182,837.52, or 5.89 percent of all revenues.
- Expenses total \$277,941,923.10. Only \$16,182,837.52 of these expenses was offset by program specific charges, with the remainder paid from general revenues.
- The General Fund unassigned fund balance represents the net current financial resources available for general appropriation by the Board and totals \$14,364,416.33 at June 30, 2015, or 5.86 percent of the total General Fund expenditures, at June 30, 2015, as compared to the 2013-14 fiscal year unassigned fund balance of \$14,093,856.72.
- General Fund expenditures exceeded revenues by \$23,803,793.51.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements consist of three components: (1) government-wide financial statements; (2) fund financial statements; and (3) notes to financial statements. This report also includes supplementary information intended to furnish additional details to support the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the District presented on the accrual basis of accounting. The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources, using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating. This information should be evaluated in conjunction with other nonfinancial factors, such as changes in the District's property base, student enrollment, and the condition of the District's capital assets, including its school buildings and administrative facilities.

The government-wide statements present the District's activities in the following categories:

- Governmental activities – This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Component units – The District presents three separate legal entities in this report including the Okaloosa Academy, Inc., the Liza Jackson Preparatory School, Inc., and the Okaloosa Public School Foundation, Inc. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government.

The Okaloosa School Board Leasing Corporation (Leasing Corporation), although also a legally separate entity, was formed to facilitate financing for the acquisition of facilities and equipment for the District. Due to the substantive economic relationship between the School Board and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entitywide perspective contained in the government-wide statements. All of the District's funds may be classified within one of the broad categories discussed below.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds utilize a spendable financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. The financial resources measurement focus allows the governmental fund statements to provide information on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances to facilitate this comparison between governmental funds and governmental activities.

The governmental funds balance sheet and the statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds, not the District as a whole. The District's major funds are the General Fund and Special Revenue – Other Federal Programs Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its governmental funds. Budgetary comparison schedules have been provided for the General Fund and Special Revenue – Other Federal Programs Fund to demonstrate compliance with the budget at the functional level.

Fiduciary Funds: Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

The District uses agency funds to account for resources held for student activities and groups and for resources held for employees in an IRS Section 125 Cafeteria Plan.

Notes to Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's net pension liability and its progress in funding its obligation to provide other postemployment benefits to its employees.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position over time may serve over time as a useful indicator of a government's financial health. The following is a summary of the District's net position as of June 30, 2015, compared to net position as of June 30, 2014:

Total Net Position	\$ 90,425,308.17	\$ 189,125,461.47	\$ (98,700,153.30)

Note: (1) Balances for June 30, 2014 have not been restated for adjustments to beginning net position in the fiscal year ended June 30, 2015 due to the implementation of GASB Statement No. 68. See the Accounting Changes note to the financial statements for further details.

The largest portion of the District's net position reflects its \$152,345,932.90 investment in capital assets (land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; computer software; and audio-visual materials), less any related debt still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of

related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District's net position, \$13,366,004.51, represents resources that are subject to external restrictions on how they may be used. The unrestricted net position, a deficit of \$75,286,629.24, is the result of having long-term obligations that are greater than currently available resources. This deficit balance represents the first reported deficit in unrestricted net position in the history of the District. The major change in the financial position of the District that resulted in this first-ever deficit net position was due to the implementation of GASB Statement No. 68. Additional information on this implementation can be found in Note II. to the financial statements.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2015, and June 30, 2014, are as follows:

The largest revenue source is the State of Florida (45.04 percent of total governmental revenues). Revenues from State sources for current operations are primarily received through the Florida Education Finance Program (FEFP) funding formula, which is classified as grants and contributions not restricted to specific programs in the operating results shown above. The FEFP funding formula utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base.

Grants and contributions not restricted to specific programs represent 51.22 percent of total governmental revenues in the 2014-15 fiscal year. Grants and contributions not restricted to specific programs increased by \$3,082,775.49, or 2.23 percent, due primarily to increases in FEFP, Department of Defense Section 386 funds, and Federal Impact Aid funding.

Property tax revenues increased by \$3,483,916.71, or 3.22 percent, as a result of an increase in taxable assessed values of \$626 million despite a 1.46 percent decrease in the total millage rate due to the Florida Department of Education (FDOE) lowering the required local effort.

Instructional expenses represent 59.31 percent of total governmental expenditures in the 2014-15 fiscal year. Instructional expenses increased by \$2,887,904.64, or 1.78 percent, from the previous fiscal year due primarily to an increase in the number of teachers in order to comply with the class size reduction mandate, an increase in the number of classroom assistants, salary increases, and professional development increases.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Major Governmental Funds

The General Fund is the District's chief operating fund. At the end of the 2014-15 fiscal year, the total fund balance is \$51,325,774.46, a decrease of \$11,556,526.88 over the 2013-14 fiscal year. Of the total fund balance, \$62,462.22 is nonspendable, \$8,328,929.34 is restricted for State required carryover programs, \$28,569,966.57 is assigned, and \$14,364,416.33 is unassigned.

Key factors impacting the change in fund balance are as follows:

- State revenues increased by \$2,605,497.29 in the 2014-15 fiscal year due primarily to an increase in student enrollment, an increase in base student allocation, and a new categorical called "Digital Classrooms" from the State.
- Total expenditures increased by \$16,505,480.15 or 7.22 percent. Instruction expenditures increased \$8,027,974.68 due to the District's commitment to comply with the State constitutional class size reduction mandate, increases in salaries, hiring additional teachers and classroom assistants, and increases in professional development. Student personnel services expenditures increased by \$1,337,521.97 due to increases in salaries, hiring additional guidance counselors, and reclassification of some positions from other functions; Instruction and curriculum development services decreased by \$833,184.88 due to a decrease in positions and

reclassification of some positions to other functions. School administration increased by \$3,391,173.01 due to the hiring of new assistant principals based on the Board-approved staffing grid and salary increases. Student Transportation Services increased \$635,529.49 due to salary increases. Operation of Plant increased \$826,441.38 due to salary increases and an increase in electricity cost. Other capital outlay increased \$2,591,400.13 due to the purchase of school buses, other motor vehicles, and computer equipment.

The Special Revenue – Other Federal Programs Fund accounts for the financial resources of certain Federal grant programs. Revenues and expenditures totaled \$15,856,445.48 each during the 2014-15 fiscal year, which was a 5.7% decrease from the 2013-14 fiscal year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budgets are prepared and amendments are made according to Florida law. The most significant budgeted fund is the General Fund.

During the 2014-15 fiscal year, the District amended its General Fund budget several times, which resulted in a decrease in total budgeted revenues of \$1,661,339.25, or 0.75 percent. At the same time, final budgeted expenditures were more than the original budgeted amounts by \$5,012,391.03, or 1.95 percent. Final budgeted ending fund balance was \$6,410,878.65, or 16.46 percent less than the original budgeted fund balance.

Actual revenues are 0.81 percent greater than the final budgeted amounts while actual expenditures are 6.48 percent less than final budgeted amounts. The actual ending fund balance exceeded the estimated fund balance contained in the final amended budget by \$18,787,926.33, whereas the actual fund balance decreased by \$11,556,526.88 or 18.38 percent.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The District's investment in capital assets (net of accumulated depreciation) for its governmental activities as of June 30, 2015, is \$198,489,932.90. This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; computer software; and audio-visual materials.

Additional information on the District's capital assets can be found in Notes I.F.4. and III.C to the financial statements.

Debt Administration

At June 30, 2015 the District had total long-term debt outstanding of \$46,144,000, composed of \$4,496,000 of bonds payable, and \$41,648,000 of certificates of participation payable. During the current fiscal year, retirement of debt was \$7,930,000.

Additional information on the District's long-term debt can be found in Notes III.I.1 through III.I.4 to the financial statements.

OTHER MATTERS OF SIGNIFICANCE

The School Board of Okaloosa County remains in stable financial condition, however it continues to face uncertain economic times. The District's current operations depend on State revenue sources, primarily FEFP moneys administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District receives FEFP moneys based on the number of full-time equivalent (FTE) students. The District experienced a moderate increase in FTE for the 2014-15 fiscal year and anticipates another increase in the 2015-16 fiscal year.

Although student enrollment is projected to increase over the next few years, the economic position of school districts for general operating purposes is closely tied to that of the State of Florida. The primary source of State revenue is sales tax, which has demonstrated to be an unstable and/or unreliable revenue stream. Economic conditions which affect consumer spending, both nationally and specifically in the State of Florida, will impact the amount of revenue received by the District. Additionally, the level of tourism in the State heavily influences the amount of taxes collected. Significant changes in State revenue collections could directly impact future District revenue allocations.

The District changed budgeting models in the 2015-16 fiscal year. Schools transitioned from a "site-based budgeting model" to a "centralized hybrid budgeting model". The new budgeting model enabled the District to provide a more equitable level of services to students.

Although the District received approximately \$500,000 in Public Education Capital Outlay maintenance funding for the first time in 4 years, adequate capital outlay funding continues to be a great concern for the District. The District's capital maintenance requirements are significant since approximately 40 percent of its facilities are more than 50 years old and another 40 percent are more than 40 years old.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2015**

Net Change in Fund Balances - Governmental Funds \$ (12,508,584.25)

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current fiscal year.

Capital Outlay - Facilities Acquisition and Construction - Capitalized	\$	510,878.96	
Capital Outlay - Other Capital Outlay - Capitalized		3,548,680.16	
Depreciation Expense		<u>(10,405,900.39)</u>	(6,346,341.27)

Contributions of capital assets are not reported as revenues in the governmental funds. 1,047,893.19

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which proceeds exceeded repayments in the current fiscal year.

Certificates of Participation Payable Principal Payments	\$	6,060,000.00	
Bonds Payable Principal Payments		910,000.00	
Bonds Refunded Principal Payments		960,000.00	
Bonds Payable New Debt Issued		<u>(911,000.00)</u>	7,019,000.00

Certain revenues recognized in the statement of activities do not provide current financial resources and are not reported as revenues in the governmental funds. 1,615,358.35

In the statement of activities, the cost of compensated absences is measured by the amounts earned during the fiscal year, while in governmental funds, expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences used in excess of the amount earned in the current fiscal year. 559,534.68

Other postemployment benefits costs are recorded in the statement of activities under the full accrual basis of accounting, but are not recorded in the governmental funds until paid. This is the net increase in the other postemployment benefits liability for the current fiscal year. (185,000.00)

Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.

FRS Pension Contribution	9,352,316.00	
HIS Pension Contribution	1,902,845.00	
FRS Pension Expense	(2,600,237.00)	
HIS Pension Expense	<u>(3,351,127.00)</u>	5,303,797.00

In the statement of activities, claims expenses include additional amounts for increases in long-term insurance claims liabilities. However, claims expenditures in the governmental funds are measured by the amount of financial resources used (essentially, the amount paid). This is the net amount by which the estimated insurance claims liability decreased during the current fiscal year. 259,000.00

Change in Net Assets of Governmental Activities \$ (3,235,342.30)

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-wide Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Okaloosa County School District's ("District") governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense that is clearly identifiable to a function is allocated to the function, and the remaining depreciation expense is reported as unallocated.

B. Reporting Entity

The Okaloosa County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is the Board, which is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Okaloosa County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. Based on the application of these criteria, the following component units are included within the District's reporting entity:

Blended Component Unit. A blended component unit, is in substance, part of the primary government's operations, even though it is a legally separate entity. Thus, a blended component unit is appropriately presented as funds of the District. The Okaloosa County School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note III.1.1. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

Discretely Presented Component Units. The component units' columns in the government-wide financial statements include the financial data of the District's other component units. Separate column are used to emphasize that they are legally separate from the District.

The Okaloosa Public Schools Foundation, Inc. (Foundation), is a separate not-for-profit corporation organized and operated as a direct-support organization to receive, hold, invest, and administer property and to make expenditures to and for the benefit of the District. Because of the nature and significance of its relationship with the District, the Foundation is considered to be a component unit.

Charter schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The District is the sponsor for each of the following charter schools and is responsible for monitoring and reviewing their progress toward meeting the goals established in the charters. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District. The District entered into a charter with the following schools pursuant to Section 1002.33, Florida Statutes:

- The Okaloosa Academy, Inc., (Academy) was established to provide an alternative educational system for "at risk" students. The Academy is a separate not-for-profit entity with a separate board of directors.
- The Liza Jackson Preparatory School, Inc., (School) was established to provide a preparatory program of education for students. The School is a separate not-for-profit entity with a separate board of directors.

The financial data reported on the accompanying statements was derived from the Foundation's and charter schools' audited financial statements for the fiscal year ended June 30, 2015. The audit reports are filled in the District's administrative offices at 120 Lowery Place S.E., Fort Walton Beach, Florida, 32548.

C. Basis of Presentation: Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

D. Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component units. Separate statements for each fund category – governmental and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue – Other Federal Programs Fund – to account for certain Federal grant program resources.

Additionally, the District reports the following fiduciary fund type:

- Agency Funds – to account for resources of the District's pre-tax flexible benefits plan and the school internal funds, which are used to administer moneys collected at schools in connection with school, student athletic, class, and club activities.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While reported in fund financial statements, these balances are eliminated in the preparation of the government-wide financial statements. Further, certain activity occurs during the fiscal year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, transfers between the funds are eliminated in the preparation of the government-wide financial statements.

E. Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues,

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS

except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current fiscal year. The District considers revenues to be available if they are collected within 30 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the fiscal year or within the availability period for this revenue source (within 30 days of fiscal year-end). Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting assets and liabilities.

The Okaloosa Public Schools Foundation, Inc., is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term, highly liquid investments with original maturities of 3 months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, formerly known as the Local Government Surplus Funds Trust Fund Investment Pool, amounts in the Florida Education Investment Trust Fund (FEITF), and amounts in money market funds.

Cash deposits are held by banks qualified as public depositories under Florida law or through the Federally Insured Cash Account program which complies with the provisions of Section 218.415(23), Florida Statutes, and is therefore exempt from Florida's public deposits program pursuant to Section 280.03(3)(f), Florida Statutes. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280 Florida Statutes.

2. Investments

Investments consist of amounts placed in the SBA debt service accounts for investments of debt service moneys and amounts placed with SBA for participation in the Florida

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

PRIME investment pool created by Sections 218.405, Florida Statutes, amounts placed in the FEITF, and those made locally. The investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at fair value, which is amortized cost.

The District's investments in the FEITF, which the FEITF indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments.

Investments made locally consist of money market funds which are reported at fair value.

Types and amounts of investments held at fiscal year-end are described in a subsequent note.

3. Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost on the first-in, first-out basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. Although the costs of inventories are recorded as expenditures when used rather than purchased, a nonspendable fund balance is established at fiscal year-end to indicate that inventories do not constitute available expendable resources even though inventories are a component of current assets.

4. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at fair value at the date of donation. Interest costs incurred during the construction of capital assets are not considered material and are not capitalized as part of the costs of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

Description	Estimated Useful Life
Improvements Other Than Buildings	8 - 40 years
Buildings and Fixed Equipment	10 - 50 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Computer Software and Audio-Visual Materials	3 - 5 years

Current-year information relative to changes in capital assets is described in a subsequent note.

5. Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

6. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental fund types are reported as liabilities in the government-wide statement of net position. In the governmental fund financial statements, long-term obligations are not recognized as liabilities until due.

Changes in long-term liabilities for the current fiscal year are reported in a subsequent note.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The District only has one item that qualifies for reporting in this category. The item, deferred outflows of resources related to pensions, is reported in the statement of net position and discussed in a subsequent note.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting as

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

deferred inflows of resources. The first item is deferred inflows of resources related to pensions, which is only reported on the government-wide statement of net position. This item results from the difference in the expected and actual amounts of experience, earnings, and contributions, and is deferred and amortized over the service life of all employees that are provided pensions through the pension plan, except earnings are amortized over 5 years. The second item is unavailable revenues primarily from the British Petroleum Deep Water Horizons Economic Settlement, which arises under the modified accrual basis of accounting and is only reported on the governmental funds balance sheet.

8. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

9. Fund Balance Flow Assumption

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

10. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision making authority. The Board is the highest level of decision making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances at June 30, 2015.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

The Board has, by vote, authorized the Chief Financial Officer to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent fiscal year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

G. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE students and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of 5 months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The FDOE may also adjust subsequent fiscal year allocations based upon an audit of the District's compliance in determining and reporting FTE students and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization for the FDOE.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

A schedule of revenue from State sources for the current fiscal year is presented in a subsequent note.

3. District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Okaloosa County Property Appraiser, and property taxes are collected by the Okaloosa County Tax Collector.

The Board adopted the 2014 tax levy on September 8, 2014. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Okaloosa County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in a subsequent note.

4. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

5. Compensated Absences

In the government wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

H. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the fiscal year. Actual results could differ from those estimates.

II. ACCOUNTING CHANGES

Governmental Accounting Standards Board Statement No. 68.

The District and Liza Jackson Preparatory School, Inc., (School), a District-sponsored charter school, participate in the FRS defined benefit pension plan and the HIS defined benefit pension plan administered by the Florida Division of Retirement. As participating employers, the District and School implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, which requires employers participating in cost-sharing multiple-employer defined benefit pension plans to report the employers' proportionate share of the net pension liabilities and related pension amounts of the defined benefit pension plans. The beginning net position of the District and the School was decreased by \$95,464,811 and \$1,911,676, respectively, due to the adoption of this statement.

III. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

Custodial Credit Risk – Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to the District. The District does not have a policy for custodial credit risk. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

Cash balances from all funds are combined and invested to extent available. Earnings are allocated monthly to each fund balance based on average daily balances.

B. Investments

As of June 30, 2015, the District had the following investments:

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

Investments	Maturities	Fair Value
SBA:		
Florida PRIME (1)	34 Day Average	\$ 6,205,390.62
Debt Service Accounts	6 Months	51,376.47
Florida Education Investment Trust Fund (1)	32 Day Average	503,007.46
Dreyfus Treasury Prime Cash Management (1)(2)	35 Day Average	254,473.15
Total Investments		\$ 7,014,247.70

- Notes: (1) Investments reported as cash equivalents for financial statement reporting purposes.
See Note I.F.1.
(2) Pursuant to the trust agreements, the trustee for the District's Certificates of Participation, Series 2006, 2007, and 2012, holds these investments. See Note III.I.1.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy states that the highest priorities shall be given to the safety and liquidity of funds. The policy limits the types of authorized investments as a means of managing the exposure to fair value losses from increasing interest rates.

Florida PRIME, the Florida Education Investment Trust Fund (FEITF), and Dreyfus Treasury Prime Cash Management use a weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the SBA's Florida PRIME, or any other intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01 Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy does not further limit its investment choices.

The District's investment in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

The District's investments in Florida PRIME, the FEITF, and Dreyfus Treasury Prime Cash Management are rated AAAM by Standard & Poor's.

D. Retirement Plans

1. Florida Retirement System (FRS) – Defined Benefit Pension Plans

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the HIS Program, a cost-sharing multiple employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein Plan eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$5,951,364 for the fiscal year ended June 30, 2015.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers Class* – Members who hold specified elective offices in local government.

Employees in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees

NOTES TO FINANCIAL STATEMENTS

enrolled in the plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	Percent Value
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement up to age 63 or up to 31 years of service	1.63
Retirement up to age 64 or up to 32 years of service	1.65
Retirement up to age 65 or up to 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement up to age 66 or up to 34 years of service	1.63
Retirement up to age 67 or up to 35 years of service	1.65
Retirement up to age 68 or up to 36 or more years of service	1.68
Elected County Officers	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS

credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2014-15 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00%	7.37%
FRS, Elected County Officers	3.00%	43.24%
DROP - Applicable to		
Members From All of the Above Classes	0.00%	12.28%
FRS, Reemployed Retiree	(2)	(2)

Notes:

- (1) Employer rates include 1.26 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.04 percent for administrative cost of the Investment Plan.
- (2) Contribution rates are dependent upon the retirement class in which reemployed.

The District's contributions to the Plan totaled \$9,352,316 for the fiscal year ended June 30, 2015.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2015, the District reported a liability of \$23,551,648 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The District's proportionate share of the net pension liability was based on the District's 2013-14 fiscal year contributions relative to the 2013-14 fiscal year contributions of all participating members. At June 30, 2014, the District's proportionate share was 0.385999535 percent, which was an increase of 0.013705997 from its proportionate share of 0.372293538 percent measured as of June 30, 2013.

For the year ended June 30, 2015, the District recognized pension expense of \$2,600,237. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial Assumptions. The total pension liability in the July 1, 2014, actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	7.65 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2014, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation

Discount Rate. The discount rate used to measure the total pension liability was 7.65 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability of the FRS Pension Plan calculated using the discount rate of 7.65 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.65 percent) or 1-percentage-point higher (8.65 percent) than the current rate:

	1% Decrease (6.65%)	Current Discount Rate (7.65%)	1% Increase (8.65%)

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2015, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of credible service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum His payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions. The HIS Pension Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2015, the contribution rate was 1.26 percent of payroll pursuant to section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event that legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Pension Plan totaled \$1,902,845 for the fiscal year ended June 30, 2015.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2015, the District reported a net pension liability of \$45,866,679 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the pension plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The District's proportionate share of the net pension liability was based on the District's 2013-14 fiscal year contributions relative to the total 2013-14 fiscal year contributions of all participating members. At June 30, 2014, the District's proportionate share was 0.490539910 percent, which was an increase of 0.013736838 percent from its proportionate share measured as of June 30, 2013.

For the fiscal year ended June 30, 2015, the District recognized HIS Plan pension expense of \$3,351,127. In addition, the District reported deferred outflows of resources related to pensions from the following sources:

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

Description	Deferred Outflows of Resources
Changes in assumptions	\$ 1,632,118
Net differences between projected and actual earnings on HIS pension plan investments	22,017

Total	\$ 4,586,845

The deferred outflows of resources related to pensions totaling \$1,902,845, related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2016	\$ 434,856
2017	434,856
2018	434,856
2019	434,856
2020	429,353
Thereafter	515,223
Total	\$ 2,684,000

Actuarial Assumptions. The total pension liability in the July 1, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary increases	3.25 percent, average, including inflation
Municipal bond rate	4.29 percent

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

While an experienced study had not been completed for the plan, the FRS Actuarial Assumptions Conference reviewed the actuarial assumptions for the plan.

Discount Rate. The discount rate used to measure the total pension liability was 4.29 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 4.29 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.29 percent) or 1 percentage point higher (5.29 percent) than the current rate:

	1% Decrease (3.29%)	Current Discount Rate (4.29%)	1% Increase (5.29%)
District's proportionate share of the net pension liability	\$ 52,169,633	\$ 45,866,679	\$ 40,605,516

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

2. FRS – Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Cost of administering the plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2014-15 fiscal year were as follows:

Class	Percent of Gross Compensation
FRS, Regular	6.30
FRS, Elected County Officers	11.34

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2015, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$590,895 for the fiscal year ended June 30, 2015.

E. Other Post Employment Benefit Obligations

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from the District, and eligible dependents, are eligible to participate in the District's health and hospitalization plan for medical, dental, and life insurance coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB plan on average than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report and is not included in the report of a public employee retirement system or other entity.

Funding Policy. Plan contribution requirements of the District and OPEB Plan members are established and may be amended through action from the Board. The District has not advance-funded or established a funding methodology for the annual OPEB costs or the net OPEB obligation, and the OPEB Plan is financed on a pay-as-you-go basis. As of July 2014, the most recent valuation date, there were 234 retirees receiving medical benefits, and 1,496 that received life benefits. The District provided required contributions of \$1,036,000 toward the annual OPEB cost, net of retiree contributions totaling \$1,225,000, which represents 0.85 percent of covered payroll.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

Annual OPEB Costs and Net OPEB Obligations. The District's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the District's annual OPEB cost for the fiscal year, the amount actually contributed to the OPEB Plan, and changes in the District's net OPEB obligation:

Description	Amount
Normal Cost (service cost for 1 year)	\$ 552,000
Amortization of Unfunded Actuarial Accrued Liability	616,000
Interest on Normal Cost and Amortization	53,000
Annual Required Contribution	1,221,000
Interest on Net OPEB Obligation	26,000
Adjust to Annual Required Contribution	(26,000)
Annual OPEB Cost (Expense)	1,221,000
Contribution Toward the OPEB Cost	(1,036,000)
Increase (decrease) in Net OPEB Obligation	185,000
Net OPEB Obligation, Beginning of Year	580,000
Net OPEB Obligation, End of Year	\$ 765,000

The District's annual OPEB cost, amount contributed, the percentage of annual OPEB cost contributed to the OPEB Plan, and the net OPEB obligation as of June 30, 2015, and the two preceding fiscal years, were as follows:

Fiscal Year	Annual OPEB Cost	Contributed	Percentage of Annual OPEB Cost Contributed	Obligation
2012-13	\$ 981,000.00	\$ 916,000.00	93.37%	\$ 447,000.00
2013-14	1,191,000	1,058,000	88.83%	580,000
2014-15	1,221,000	1,036,000	84.85%	765,000

Funded Status and Funding Progress. As of July 1, 2014, the actuarial accrued liability for benefits was \$16,129,000, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$16,129,000, and a funded ratio of 0 percent. The covered payroll (annual payroll of active participating employees) was \$144,320,983 for the 2014-15 fiscal year, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 11.18 percent.

Actuarial valuations of an ongoing OPEB plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS

healthcare cost trends. Amounts determined regarding the funded status of the OPEB plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The required schedule of funding progress immediately following the notes to financial statements presents multiyear trend information about whether the actuarial value of OPEB plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Patient Protection and Affordable Care Act and the GASB 45 Accrued Liability

The District's OPEB report incorporates the provisions of the Patient Protection and Affordable Care Act (Act) recently signed into law. Starting in 2014, individuals who fail to maintain health coverage face financial penalties, and starting in 2018, a 40 percent excise tax is applied to the value of retiree health coverage exceeding the \$11,850 limit. The individual mandate and the planned introduction of insurance exchanges may affect the number of future retirees that elect to remain on the District plan. However, the exchanges are expected to be a more attractive offer for some retirees, particularly if they qualify for premium assistance and the emerging experience suggest fewer retirees are electing to stay on the plan. Consequently, the actuary reduced the pre-65 participation assumption from 30 percent to 20 percent. The coverage and cost sharing rules in the Act eliminate lifetime limits for plan years starting 6 months after March 23, 2010 and no annual limits on or after July 1, 2013. Future District health costs may be adjusted for these cost-sharing changes. The excise tax has been valued and is included in the actuarially accrued liability.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive OPEB Plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The District's OPEB actuarial valuation as of June 30, 2014, used the projected unit credit method to estimate the unfunded actuarial liability as of June 30, 2015, and to estimate the District's 2014-15 fiscal year annual required contribution. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 4.5 percent rate of return on invested assets. The actuarial assumptions also included a payroll growth rate of 3.5 percent per year, and an annual healthcare cost trend rate of 8.5 percent, reduced by 0.5 percent per year, to an ultimate rate of 5 percent. The unfunded actuarial accrued liability is being amortized using a level percentage of projected payroll on an open basis over a 30-year period.

F. Construction and Other Significant Commitments

Encumbrances. Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current fiscal year are carried forward and the next fiscal year's appropriations are likewise encumbered.

The following is a schedule of encumbrances at June 30, 2015:

G. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Coverage of these risks is provided for in a variety of different ways. For most general liability claims, the District relies upon the sovereign immunity limits of Section 768.28, Florida Statutes, which limits the District's liability to \$200,000 for each claimant and \$300,000 in any one occurrence; however, the District did purchase a commercial general liability policy for certain special events. The District is, to some extent, also self-insured for property losses, worker's compensation, automotive liability, crime, and errors and omissions. To limit its exposure to property losses, the District purchased excess property and boiler and machinery insurance with varying deductibles, sublimits, and policy maximums through the Florida School Boards Insurance Trust (FSBIT). FSBIT is a self-insurance fund for Florida school boards established under the authority set forth in Section 1001.42, Florida Statutes. Likewise, the District limited its exposure for worker's compensation, automotive liability, crime, and errors and omissions by purchasing commercial insurance policies which covers losses exceeding specified limits up to certain policy maximums. Health, life, and dental coverage, as well as long-term disability for District employees is also provided through commercially purchased insurance.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past 3 fiscal years.

The District reports all of its risk management activities in the General Fund. At June 30, 2015, an actuarially determined liability of \$4,170,000 (\$232,000 for the property program, undiscounted, and \$3,938,000 for the casualty program, discounted using a 4 percent rate of return) is reported as estimated insurance claims payable on the District's statement of net position.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

On December 20, 2012, the District entered into a financing arrangement under and pursuant to the master lease-purchase agreement, whereby the District advance refunded the Certificates of Participation, Series 2003. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payments through to term, the District may be required to surrender the sites included under the ground leases for the benefit of the securers of the Certificates for a period of time specified by the arrangements which may be up through the last day of the ground leases.

The District properties included in the ground lease noted above are as follows:

The various bonds were issued to finance capital outlay projects of the District. The following is a description of the bonded debt issues:

State School Bonds

These bonds are issued by the SBE on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

District Revenue Bonds

The District authorized the issuance of the Refunding and Revenue Bond, Series 2011, to provide funds to pay the costs of certain capital improvements and to refund the outstanding Refunding Revenue Bonds, Series 1994. These bonds are authorized by Chapters 63-587 and 78-569, Laws of Florida, Special Acts of 1978, and are secured by sales tax revenues distributed to the District pursuant to Section 212.20(6)(d)6.a., Florida Statutes. As required by the bond resolution, the District has established the sinking fund and has accumulated and maintained adequate resources in the sinking fund.

The District has pledged a combined total of \$4,698,007.50 of sales tax revenues in connection with the 2011 District Revenue Bonds, described above. During the 2014-15 fiscal year, the District recognized sales tax revenues totaling \$190,750 and expended \$190,445 (99.8 percent) of these revenues for debt service directly collateralized by these revenues. The pledged sales tax revenues are committed until final maturity of the debt on July 1, 2040. Approximately 98.6 percent of this revenue stream has been pledged in connection with debt service on the revenue bonds.

Annual requirements to amortize all bonded debt outstanding as of June 30, 2015, are as follows:

J. Fund Balance Reporting

In addition to committed and assigned fund balance categories discussed in the **Fund Balance Policies** note disclosure, fund balances may be classified as follows:

- **Nonspendable Fund Balance.** Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash.
- **Restricted Fund Balance.** Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance.
- **Unassigned Fund Balance.** The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. The District has a contingency reserve of \$2,567,000 established informally through the budget process that is included in the unassigned fund balance. The contingency reserve is intended to help sustain the financial stability of the

IV. RELATED PARTY TRANSACTIONS

On July 14, 2014, the Board declared that a parcel of land and improvements located in Fort Walton Beach, Florida, which includes the W.E. Combs campus owned by the District, was no longer necessary for educational or ancillary purposes. On August 25, 2014, the Board authorized a real property exchange between the District and Okaloosa Academy, Inc. (Academy), a component unit of the District. The agreement authorized the exchange of the District-owned land and improvements for an Academy-owned parcel of land and 11 portable buildings located in Crestview, Florida.

The purpose of the exchange is to facilitate the consolidation of the Academy's north and south county charter school locations into one permanent facility. Although the difference in the appraised values of the property exchanged was \$173,000, GASB No. 48, Intra-entity Transfers of Assets and Future Revenues, requires the assets exchanges be recorded at historical cost together with the accumulated depreciation on each entity's financial

statements. As a result, the reported loss to the District and gain to the Academy is \$1,446,066.75 which is reported on the Statement of Activities as special items. The exchange agreement provides that if the property acquired by the Academy in the exchange ceases to be occupied and used for the operation of the Academy, the property shall revert to the District.

V. LITIGATION

The District is involved in several pending and threatened legal actions. In the opinion of the District management, after consulting with legal counsel, the range of potential loss from all such claims and actions should not materially affect the financial condition of the District.
