## **OKALOOSA COUNTY DISTRICT SCHOOL BOARD MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

The management of the Okaloosa County District School Board has prepared the following discussion and analysis to provide an overview of the District's financial activities for the fiscal year ended June 30, 2022. The information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

### **FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2021-22 fiscal year are as follows:

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2022, by \$106,467,570.60 (net position). Of this amount, \$141,140,362.41 represents a deficit unrestricted net position which has increased by 0.36 percent from last fiscal year's deficit unrestricted net position
- The District's total net position increased by \$44,371,729.05, or 71.46 percent, from last fiscal year's unadjusted net position. Of this increase, \$5,162,982 was due to restating the beginning net position due to reclassifying the school internal funds activity as special revenue funds in the current year.
- General revenues total \$394,719,914.70, or 94.06 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$24,907,565.19, or 5.94 percent of all revenues.
- Expenses total \$380,418,732.84. Only \$24,907,565.19 of these expenses were offset by program specific revenues, with the remainder paid from general revenues.
- The General Fund unassigned fund balance represents the net current financial resources available for general appropriation by the Board and totals \$14,225,983.48 at June 30, 2022, or 5.26 percent of total General Fund expenditures at June 30, 2022, as compared to the 2020-21 fiscal year unassigned fund balance of \$14,000,643.50.
- General Fund expenditures exceeded revenues by \$6,024,356.75.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements consist of three components: (1) government-wide financial statements; (2) fund financial statements; and (3) notes to

financial statements. This report also includes supplementary information intended to furnish additional details to support the basic financial statements.

### **Government-Wide Financial Statements**

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the District presented on the accrual basis of accounting. The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources, using an economic resources measurement focus. The difference between the assets and deferred outflows of resources, and liabilities and deferred inflows of resources, the net position, is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating. This information should be evaluated in conjunction with other nonfinancial factors, such as changes in the District's property base, student enrollment, and the condition of the District's capital assets, including its school buildings and administrative facilities.

The government-wide statements present the District's activities in the following categories:

- Governmental activities – This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Component units – The District presents three separate legal entities in this report including the Okaloosa Academy, Inc., the Liza Jackson Preparatory School, Inc., Destin High School, Inc., and the Okaloosa Public Schools Foundation, Inc. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government.

The Okaloosa School Board Leasing Corporation (Leasing Corporation), although also a legally separate entity, was formed to facilitate financing for the acquisition of facilities and equipment for the District. Due to the substantive economic relationship between the School Board and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

### **Fund Financial Statements**

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed

information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity-wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of the broad categories discussed below.

**Governmental Funds:** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds utilize a spendable financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. The financial resources measurement focus allows the governmental fund statements to provide information on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds, not the District as a whole. The District's major funds are the General Fund, the Special Revenue – Federal Education Stabilization Fund, and the Capital Projects – Other Capital Projects Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its governmental funds. A budgetary comparison schedule has been provided for the General and major Special Revenue Funds to demonstrate compliance with the budget.

**Fiduciary Funds:** Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

The District uses custodial funds to account for resources held for employees in an IRS Section 125 Cafeteria Plan.

### **Notes to Financial Statements**

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's net pension liability and changes in its other postemployment benefits (OPEB) liability.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position over time may serve as a useful indicator of a government's financial health. The following is a summary of the District's net position as of June 30, 2022, compared to net position as of June 30, 2021:

Net Position, End of Year			
	Governmental Activities		
	6/30/2022	6/30/2021	Increase (Decrease)
Current and Other Assets	\$ 261,750,070.76	\$ 107,082,058.14	\$ 154,668,012.62

Deferred Inflows of Resources	121,787,230.39	11,353,738.22	110,433,492.17
Net Position:			
Net Invested in Capital Assets	60,006,255.70	164,365,382.76	(104,359,127.06)
Restricted	187,601,677.31	39,378,236.30	148,223,441.01
Unrestricted (Deficit)	(141,140,362.41)	(141,647,777.51)	507,415.10
<b>Total Net Position</b>	<b>\$ 106,467,570.60</b>	<b>\$ 62,095,841.55</b>	\$ 44,371,729.05

The largest portion of the District's net position reflects its \$60,006,255.70 net investment in capital assets (land; construction in progress, improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; lease assets, computer software; and audio-visual materials), less any related debt still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District's net position, \$187,601,677.31, represents resources that are subject to external restrictions on how they may be used. The unrestricted net position, a deficit of \$141,140,362.41, is the result of having long-term obligations that are greater than currently available resources. The major change in the financial position of the District that resulted in this deficit net position was due to the implementation of Governmental Accounts Standards Board's (GASB) Statement No. 68 and GASB Statement

No. 75. Additional information on the implementations of these standards can be found in Note II of the 2014-15 financial statements for GASB Statement No. 68 and in Note II of the 2017-18 financial statements for GASB Statement No. 75.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2022, and June 30, 2021, are as follows:

(1) Adjustment to beginning net position in FY2021-22 is due to the District reclassifying the school internal funds activity as special revenue in the current year resulting in an increase in the District's beginning Net Position.

The largest revenue source is the State of Florida (37.37 percent of total governmental revenues). Revenues from State sources for current operations are primarily received through the Florida Education Finance Program (FEFP) funding formula, which is classified as grants and contributions not restricted to specific programs in the operating results shown above. The FEFP funding formula utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base.

Grants and contributions not restricted to specific programs represent 51.84 percent of total governmental revenues in the 2021-22 fiscal year. Grants and contributions not restricted to specific programs increased by \$21,799,800.55, or 11.14 percent, primarily due to an increase in the allocations for the education stabilization funds, higher education emergency relief funds, and Title I funds and the receipt of the new Triumph Artificial Intelligence Grant.

Property tax revenues increased by \$5,773,850.69, or 4.67 percent, as a result of an increase in property values although the local effort millage rate decreased by 2.43 percent. The required local effort millage rate is determined by the Florida Legislature. The Legislature provided property tax relief to homeowners through a millage rollback.

A school sales tax was levied effective January 1, 2021. The new local sales tax revenues totaled \$30,865,800.18 in 2021-22 fiscal year which was an increase of \$18,543,062.18 due primarily to being effective for the entire fiscal year.

Instruction expenses represent 56.11 percent of total governmental expenses in the 2021-22 fiscal year. Instructional expenses increased by \$2,996,432.21, or 1.42 percent, from the previous fiscal year primarily due to employee base salary increases and increases in retirement contributions. School districts are required to increase the minimum base salary each year.

Facilities Acquisition and Construction expenses increased by \$13,161,413.38, or 81.72 percent, due to additional costs related to District-wide roofing projects, security upgrades, and other facility improvements. The additional costs were funded by the half-cent sales tax which began in January 2021.

Community Service expenses increased by \$4,496,013.67 or 193.42% due to District utilizing ESSER funding to pay a disaster relief payment to its employees who did not receive this payment directly from the State. The State directly paid teachers and principals.

Unallocated Depreciation expense increased by \$7,738,161.52 or 100.63% due to recognition of leased equipment included in District asset reporting due to new governmental reporting standard requirement as explained in Note II.

## FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

### Major Governmental Funds

The General Fund is the District's chief operating fund. At the end of the current fiscal year, the total fund balance is \$74,088,710.85, an increase of \$7,022,752.41 over the 2020-21 fiscal year. Of the total fund balance, \$133,999.41 is nonspendable, \$11,908,062.94 is restricted for State required carryover programs, \$47,820,665.02 is assigned, and \$14,225,983.48 is unassigned.

Key factors impacting the change in the General Fund fund balance are as follows:

- State revenues decreased by \$6,981,451 in the 2021-22 fiscal year. In fiscal year 2020-2021, the State paid all school districts based on their projected FTE due to the instability of enrollment caused by Covid-19. In fiscal year 2021-2022, school districts were paid based on actual attendance. The State also moved all Family Empowerment Scholarships into the FEFP in fiscal year 2021-2022 which inflated the District's FTE. Despite the addition of the Family Empowerment Scholarships, the District still decreased approximately 150 weighted FTE when compared to the previous year. The State then reduced the District's revenue for Family Empowerment Scholarships by \$10.4 million in fiscal year 2021-2022 compared to \$3.6 million in fiscal year 2020-2021. This additional reduction of \$6.8 million was offset partially by an increase in FEFP. The District's Class Size Reduction funding decreased by \$3,673,019 due to a change in calculation methodology.
- Total expenditures increased by \$337,430.83 or 0.12 percent. The District is committed to complying with the State constitutional class size reduction mandate. Instructional salaries continue to rise as the State has mandated increases to the minimum base salary each year. Retirement contribution rates also continue to rise. In addition, Instructional expenditures increased due to the addition of a new charter school (Destin High School) and expansion of an existing charter school (Liza Jackson Preparatory School). The District funded some of its instructional positions through ESSER which created a decrease of \$3,346,052.96 in Instructional expenditures in the General Fund. Instructional Support Services increased by \$894,545.25 primarily due to increases in base salaries, retirement contribution rates, and contracts such as health services. Instruction and Curriculum Development Services increased by \$662,322.20 primarily due to increases in base salaries, retirement contribution rates, and contracts for the Triumph AI Grant. Student Transportation Services increased by \$515,135.69 primarily due increases in base salaries, retirement contribution rates, transportation costs paid to charter schools, and diesel fuel. Operation of plant expenditures increased by \$1,201,071.72 primarily due to increases in base salaries, retirement contribution rates, and utilities such as electricity.

The Special Revenue –Federal Education Stabilization Fund accounts for emergency relief to address the impact of COVID-19 and has total revenues and expenditures of \$39,252,980.78 each. Because grant revenues are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance.

The Capital Projects – Other Capital Projects Fund had a total fund balance of \$140,736,707.86, all of which must be used for the acquisition, construction, and

maintenance of capital assets. The fund balance increased \$134,816,069.74 due to expenditures increasing by 188.35 percent due to the District entering into a financing agreement to allow the District to fund projects in advance of the new half-cent sales tax revenue to be received over the 10 year referendum. Transfers were made to the debt service funds to cover a portion of principal and interest payments on long-term debt as well as transfers to the General Fund to fund charter school capital outlays and a charter school safety and security grant.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

The District's budgets are prepared and amendments are made according to Florida law. The most significant budgeted fund is the General Fund.

During the 2021-22 fiscal year, the District amended its General Fund budget several times, which resulted in a decrease in total budgeted revenues of \$1,525,275.72, or 0.58 percent. At the same time, final budgeted expenditures were less than the original budgeted amounts by \$4,069,248.11, or 1.31 percent. Final budgeted ending fund balance increased by \$3,578,728.55, or 11.62 percent more than the original budgeted fund balance.

Actual revenues are 1.35 percent greater than the final budgeted amounts while actual expenditures are 11.79 percent less than final budget amounts. The actual ending fund balance exceeded the estimated fund balance contained in the final amended budget by \$39,723,919.47, whereas the actual fund balance increased by \$7,022,752.41, or 10.47 percent, over the prior fiscal year actual fund balance.

## **CAPITAL ASSETS AND LONG-TERM DEBT**

### **Capital Assets**

The District's investment in capital assets for its governmental activities as of June 30, 2022, is \$191,172,072.92 (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; lease assets; computer software; and audio-visual materials.

Additional information on the District's capital assets can be found in Notes I.F.4. and III.C to the financial statements.

### **Long-Term Debt**

At June 30, 2022, the District had total long-term debt outstanding of \$117,066,536.65 composed of \$2,598,000 of bonds payable, \$113,295,000 of certificates of participation payable and \$1,173,536.65 of capital leases payable. During the current fiscal year, the District issued debt totaling \$113,295,000 and retirement of debt was \$4,079,211.12.

Additional information on the District's long-term debt can be found in Notes IV.H.2. through IV.I.3 to the financial statements.

## OTHER MATTERS OF SIGNIFICANCE

The School Board of Okaloosa County remains in stable financial condition; however, it continues to face uncertain economic times. The District's current operation depends on State revenue sources, primarily FEFP monies administered by the Florida Department of Education under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District receives FEFP monies based on the number of full-time equivalent (FTE) students. The fiscal year 2021-2022 projected increase when compared to actual results for fiscal year 2020-2021 was approximately 621 unweighted FTE (UFTE): 25 UFTE for traditional District schools, 56 UFTE for online schools, 446 UFTE for charter schools, and 94 UFTE to be paid out in McKay Scholarships and Family Empowerment Scholarships (FES). The large increase in charter schools was primarily due to the opening of Destin High School and expansion of Liza Jackson Preparatory School. The actual increase in FTE was approximately 1,300: a decrease of 233 UFTE for traditional District schools, an increase of 414 UFTE for online schools, an increase of 410 UFTE for charter schools, and an increase of 709 UFTE for McKay and FES. The decrease in District traditional schools was most likely due to the Coronavirus (COVID-19) pandemic as a corresponding increase was seen in online schools. The increase in FES was due to the State moving all FES to the FEFP rather than funding the majority of the FES through a separate revenue allocation as had been done in previous years. In a normal year, this large increase in FTE State-wide would have caused a pro-rata to appropriation; however, the State had set-aside a reserve to fund Districts at the same amount per UFTE received in the 2<sup>nd</sup> FEFP calculation.

School Districts continued to face challenges during fiscal year 2021-2022 as a result of the spread of COVID-19 and corresponding quarantine requirements. Some of these challenges included learning loss, technology, student and faculty safety, personal protective equipment, and many others. The Coronavirus Aid, Relief, and Economic Security Act (CARES) Elementary and Secondary School Emergency Relief (ESSER), Coronavirus Response and Relief Supplemental Appropriations (CRRSA) ESSER II, and American Rescue Plan Act (ARP) ESSER III funding provided financial resources beyond the normal federal and state assistance received and helped the District implement satisfactory solutions.

The economic position of school districts for general operating purposes is closely tied to that of the State of Florida. The primary source of State revenue is sales tax, which has demonstrated to be an unstable and/or unreliable revenue stream. Economic conditions which affect consumer spending, both nationally and specifically in the State of Florida, will impact the amount of revenue received by the District. Additionally, the level of tourism in the State heavily influences the amount of taxes collected. Significant changes in State revenue collections could directly impact future District revenue allocations.

School facility hardening continues to be a critical financial need to ensure student safety. As a result, it has become the number one priority for most School Districts, placing a tremendous demand on capital outlay dollars. In addition, the District's capital maintenance requirements are significant since approximately 40 percent of its facilities are more than 50 years old and another 40 percent are more than 40 years old. The voters of Okaloosa County approved the collection of a half-cent sales tax beginning January 2021 for a period of ten years. This has proven invaluable to the District, enabling school facility hardening to be expedited. Utilizing this funding, the District sold Certificates of Participation 2022A in fiscal year 2021-2022 in the amount of \$128 million to finance large projects such as cafeteriums, multipurpose rooms, and room additions.

As noted in the first paragraph, the opening of Destin High School Charter School and expansion of Liza Jackson Preparatory Charter School accounted for an increase of approximately 410 UFTE. This reduced the District's enrollment and the result of the financial impact is approximately \$2.7 million less for District schools. Destin High School plans to add additional grade levels in subsequent years. In addition, Northwest Florida State Collegiate High School is planning to add 9<sup>th</sup> grade in fiscal year 2022-2023 and is exploring adding an additional campus.

**AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE**  
**GOVERNMENT-WIDE STATEMENT OF ACTIVITIES**  
**For the Fiscal Year Ended June 30, 2022**

**Net Change in Fund Balances - Governmental Funds** \$ 147,718,527.55

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as a depreciation expense.

This is the amount of depreciation expense in excess of capital outlays in the current period. (1,966,052.88)

The net effect of miscellaneous transactions involving capital assets (e.g., donations and disposals) reduced capital assets.

(132,163.56)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal on notes bonds, and certificates of participation are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. This is the amount by which the debt repayments exceeded the proceeds in the current period.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

## I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Okaloosa County School District's ("District") governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense that is clearly identifiable to a function is allocated to the function, and the remaining depreciation expense is reported as unallocated.

### B. Reporting Entity

The Okaloosa County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is the Board, which is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Okaloosa County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. Based on the application of these criteria, the following component units are included within the District's reporting entity:

Blended Component Unit. A blended component unit is, in substance, part of the District's operations, even though it is a legally separate entity. Thus, a blended component unit is appropriately presented as funds of the District. The Okaloosa County School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note IV.I.1. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

**Discretely Presented Component Units.** The component units columns in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

The Okaloosa Public Schools Foundation, Inc. (Foundation), is a separate not-for-profit corporation organized and operated as a direct-support organization to receive, hold, invest, and administer property and to make expenditures to and for the benefit of the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit.

The District's charter schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The District is the sponsor for each of the following charter schools and is responsible for monitoring and reviewing their progress toward meeting the goals established in the charters. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District. The District entered into a charter with the following schools pursuant to Section 1002.33, Florida Statutes:

- The Okaloosa Academy, Inc. (Academy) was established to provide an alternative educational system for "at risk" students. The Academy is a separate not-for-profit entity with a separate board of directors.
- The Liza Jackson Preparatory School, Inc. (School) was established to provide a preparatory program of education for students. The School is a separate not-for-profit entity with a separate board of directors.
- The Destin High School, Inc. (School) was established to provide a new high school option for students in Destin. The Destin School is a separate not-for-profit entity with a separate board of directors.

The financial data reported on the accompanying statements was derived from the Foundation's and charter schools' audited financial statements for the fiscal year ended June 30, 2022. The audit reports are filed in the District's administrative offices at 120 Lowery Place, S.E., Fort Walton Beach, Florida 32548.

**C. Basis of Presentation: Government-Wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

**D. Basis of Presentation: Fund Financial Statements**

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component unit. Separate statements for each fund category – governmental and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue – Federal Education Stabilization Fund – to account for certain Federal economic stimulus programs.
- Capital Projects – Other Capital Projects Fund – to account for the financial resources generated by the issuance of certificates of participation, half-cent sales tax revenue, and other moneys set aside by the Board for educational capital outlay needs, including new construction and renovation and remodeling projects.

Additionally, the District reports the following fiduciary fund type:

- Custodial Funds – to account for resources of the District's pre-tax flexible benefits plan.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, these balances are eliminated in the preparation of the government-wide financial statements. Further, certain activity occurs during the fiscal year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, transfers between the funds are eliminated in the preparation of the government-wide financial statements.

**E. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current fiscal year or soon enough thereafter to pay liabilities of the current fiscal year. For this purpose, the District considers revenues to be available if they are collected within 30 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the fiscal year or within the availability period for this revenue source (within 30 days of fiscal year end). Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred.

The Okaloosa Public Schools Foundation, Inc. is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

**F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

**1. Cash and Cash Equivalents**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term, highly liquid investments with original maturities of 3 months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, formerly known as the Local Government Surplus Funds Trust Fund Investment Pool, and amounts in the Florida Public Assets for Liquidity Management (FL PALM).

Cash deposits are held by banks qualified as public depositories under Florida law or through the Federally Insured Cash Account program, which complies with the provisions of Section 218.415(23), Florida Statutes, and is therefore exempt from Florida's public deposits program pursuant to Section 280.03(3)(f), Florida Statutes. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

**2. Investments**

Investments consist of amounts placed in the SBA debt service accounts for investment of debt service moneys, amounts placed with the SBA for participation in the Florida

NOTES TO FINANCIAL STATEMENTS

PRIME investment pool created by Section 218.405, Florida Statutes, amounts placed in the FL PALM, and those made locally. The investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at amortized cost and meet the requirements of GASB Statement No. 31, as amended by GASB Statement No. 79, which establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from Florida PRIME, although, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, the fund's executive director may limit contributions to or withdrawals from the trust fund for a period of 48 hours.

The District's investments in the FL PALM are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at amortized cost and also meet the requirements of GASB Statement No. 31, as amended by GASB Statement No. 79, which establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from FL PALM.

Investments made locally consist of certificates of deposit.

Types and amounts of investments held at fiscal year end are described in a subsequent note.

### **3. Inventories**

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost on the first-in, first-out basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. Although the costs of inventories are recorded as expenditures when used rather than purchased, a nonspendable fund balance is established at fiscal year end to indicate that inventories do not constitute available expendable resources even though inventories are a component of current assets.

### **4. Capital Assets**

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation. Interest costs incurred during the construction of capital assets are not considered material and are not capitalized as part of the costs of construction.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Useful Lives</u>
Improvements Other Than Buildings	8 - 40 years
Buildings and Fixed Equipment	10 - 50 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Lease Assets	3 - 7 years
Audio-Visual Materials and Computer Software	3 - 5 years

Current fiscal year information relative to changes in capital assets is described in a subsequent note.

## **5. Pensions**

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

## **6. Long-Term Liabilities**

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due.

Changes in long-term liabilities for the current fiscal year are reported in a subsequent note.

## **7. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The District has two items that qualify for reporting in this category. The deferred outflows of resources related to pensions and other postemployment benefits (OPEB) are discussed in subsequent notes.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. The deferred inflows of resources related to pensions and OPEB are discussed in subsequent notes. The deficit net carrying amount of debt refunding, results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

#### **8. Net Position Flow Assumption**

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### **9. Fund Balance Flow Assumptions**

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### **10. Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances at June 30, 2022.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has authorized the Chief Financial Officer to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS

estimated revenue and appropriations in the subsequent fiscal year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

## **G. Revenues and Expenditures/Expenses**

### **1. Program Revenues**

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

### **2. State Revenue Sources**

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE students and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified periods following the date of the original reporting. Such amendments may impact funding allocations for subsequent fiscal years. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE students and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

A schedule of revenue from State sources for the current fiscal year is presented in a subsequent note.

### **3. District Property Taxes**

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Okaloosa County Property Appraiser, and property taxes are collected by the Okaloosa County Tax Collector.

The Board adopted the 2021 tax levy on September 13, 2021. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Okaloosa County Tax Collector at fiscal year end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in a subsequent note.

#### **4. Capital Outlay Surtax**

In November 2020, the voters of Okaloosa County approved a one-half cent school capital outlay surtax on sale in the County for 10 years, effective January 1, 2021. The surtax proceeds will be used to pay for construction costs and safety and security improvements at certain school facilities and campuses, school buses and upgrades to technology, and service-related bond indebtedness in accordance with Section 212.055(6), Florida Statutes.

#### **5. Federal Revenue Sources**

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

#### **6. Compensated Absences**

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

## H. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the fiscal year. Actual results could differ from those estimates.

## II. ACCOUNTING CHANGE

### **Governmental Accounting Standards Board Statement No. 84.**

The District implemented GASB Statement No. 84, *Fiduciary Activities*, in the previous fiscal year. This statement establishes criteria for identifying fiduciary activities of all state and local governments. During the 2021-22 fiscal year, the District classified the school internal funds activity as special revenue funds as opposed to a fiduciary activity as it had reported in the previous year. The change was a result of clarified guidance issued by the Florida Department of Education.

### **Governmental Accounting Standards Board Statement No. 87.**

The District implemented GASB Statement No. 87, *Leases*, which will increase the usefulness of government financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This implementation resulted in changing the previously reported Capital Lease to a financing since the District will retain ownership of the assets upon completion of all payments due.

## III. PRIOR PERIOD ADJUSTMENT

The beginning net position of the District was increased by \$5,162,982 due to the District reclassifying the school internal funds activity as a special revenue funds in the current year. This resulted in an increase in the District's beginning Net Position as reported in the Statement of Activities.

**IV. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS**

**A. Cash Deposits with Financial Institutions**

**Custodial Credit Risk - Deposits.** In the case of deposits, this is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

Cash balances from all funds are combined and invested to the extent available. Earnings are allocated monthly to each fund balance based on average daily balances.

**B. Investments**

As of June 30, 2022, the District had the following investments:

<u>Investments</u>	<u>Maturities</u>	<u>Fair Value</u>
State Board of Administration (SBA):		
Florida PRIME (1)	28 Day Average	\$ 18,304,205.38
Debt Service Accounts	6 Months	10,700.37
Certificates of Deposit - Internal Funds	Various through February 2024	538,893.00
FL Public Assets for Liquidity Management (1)	25 Day Average	4,489,311.02
Goldman Sachs Financial Square Government (2)	13 Day Average	123,132,681.04
<b>Total Investments</b>		<b>\$ 146,475,790.81</b>

- Notes: (1) Investments reported as cash equivalents for financial statement reporting purposes.  
(2) Includes value of Certificates of Participation trust accounts. Pursuant to the trust agreements, the trustee for the District's Certificates of Participation, Series 2022, holds all or part of these investments in trust accounts as follows: Goldman Sachs Financial Square Government Fund with 61.1% held in U.S. Treasury Repurchase Agreements, 25.7% in Treasury Debt, 10.3% in Government Agency Repurchase Agreements, and 2.9% in Government Agency Debt instruments.

**Fair Value Measurement**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

are significant unobservable inputs. The District's investments in SBA debt service accounts are valued using Level 1 inputs.

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy states that the highest priorities shall be given to the safety and liquidity of funds. The policy limits the types of authorized investments as a means of managing the exposure to fair value losses from increasing interest rates.

Florida PRIME, Goldman Sachs Government Fund and the FL PALM use a weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to SBA's Florida PRIME, or any other intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy does not further limit its investment choices.

The District's investments in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account. Disclosures for the Debt Service Accounts are included in the notes to the financial statements of the State's Annual Comprehensive Financial Report.

The District's investments in Florida PRIME, Goldman Sachs Government Fund and the FL PALM are rated AAAM by Standard & Poor's.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

**D. Retirement Plans**

**1. Florida Retirement System (FRS) – Defined Benefit Pension Plans**

**General Information about the FRS**

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein Plan eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site ([www.dms.myflorida.com](http://www.dms.myflorida.com)).

The District's FRS and HIS pension expense totaled \$4,433,023 for the fiscal year ended June 30, 2022.

**FRS Pension Plan**

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers Class* – Members who hold specified elective offices in local government.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The

Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

**Benefits Provided.** Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

The following table shows the percentage value for each year of service credit earned:

<b><u>Class, Initial Enrollment, and Retirement Age/Years of Service</u></b>	<b><u>Percent Value</u></b>
<b>Regular Members Initially Enrolled Before July 1, 2011</b>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<b>Regular Members Initially Enrolled On or After July 1, 2011</b>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<b>Elected County Officers</b>	<b>3.00</b>

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2021-22 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00	10.82
FRS, Elected County Officers	3.00	51.42
DROP – Applicable to Members from All of the Above Classes	0.00	18.34
FRS, Reemployed Retiree	(2)	(2)

Notes:

- (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.
- (2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$15,121,148 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the District reported a liability of \$27,094,370 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The District's proportionate share of the net pension liability was based on the District's 2020-21 fiscal year contributions relative to the total 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the District's proportionate share was 0.358682284 percent, which was an increase of 0.031308774 from its proportionate share of 0.327373510 percent measured as of June 30, 2020.

**Actuarial Assumptions.** The total pension liability in the July 1, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment Rate of Return	6.80 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, varies by member category and sex, projected generationally with Scale MP-2018.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	2.1%	2.1%	1.1%
Fixed Income	20.0%	3.8%	3.7%	3.3%
Global Equity	54.2%	8.2%	6.7%	17.8%
Real Estate (Property)	10.3%	7.1%	6.2%	13.8%
Private Equity	10.8%	11.7%	8.5%	26.4%
Strategic investments	3.7%	5.7%	5.4%	8.4%
<b>Total</b>	<b>100.0%</b>			
Assumed Inflation - Mean			2.4%	1.2%
(1) As outlined in the Plan's investment policy.				

**Discount Rate.** The discount rate used to measure the total pension liability was 6.8 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The long-term expected rate of return assumption of 6.8 percent consists of two building block components: (1) an inferred real (in excess of inflation) return of 4.3 percent, consistent with the 4.17 percent real return from the capital market outlook model developed by the FRS consulting actuary, Milliman; and (2) a long-term average annual inflation assumption of 2.40 percent as adopted in October 2021 by the FRS Actuarial Assumption Conference.

In the opinion of the FRS consulting actuary both components and the overall 6.8 percent return assumption were determined to be reasonable and appropriate per the Actuarial Standards of Practice. The 6.8 percent reported investment return assumption is the same as the investment return assumption chosen by the 2021 FRS Actuarial Assumption Conference for funding policy purposes. The discount rate used in the 2021 valuation did not change from the prior year 6.8 percent.

**Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.** The following presents the District's proportionate share of the net pension liability of the FRS Pension Plan calculated using the discount rate of 6.8 percent, as well as what the District's proportionate share of the net pension liability would be if

it were calculated using a discount rate that is 1 percentage point lower (5.8 percent) or 1 percentage point higher (7.8 percent) than the current rate:

*Pension Plan Fiduciary Net Position.* Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

**HIS Pension Plan**

*Plan Description.* The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

*Benefits Provided.* For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

*Contributions.* The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2022, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Pension Plan totaled \$2,800,711 for the fiscal year ended June 30, 2022.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.* At June 30, 2022, the District reported a net pension liability of \$57,302,379 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS

proportionate share of the pension plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The District's proportionate share of the net pension liability was based on the District's 2020-21 fiscal year contributions relative to the total 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the District's proportionate share was 0.467145186 percent, which was an increase of 0.007281095 percent from its proportionate share of 0.459864091 percent measured as of June 30, 2020.

For the fiscal year ended June 30, 2022, the District recognized the HIS Plan pension expense of \$3,774,171. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,917,482	\$ 24,001
Changes in assumptions	4,502,682	2,361,005
Net difference between projected and actual earnings on HIS pension plan investments	59,736	-
Changes in proportion and differences between District HIS contributions and proportionate share of contributions	700,566	2,137,320
District HIS contributions subsequent to the measurement date	2,800,711	-
<b>Total</b>	<b>\$ 9,981,177</b>	<b>\$ 4,522,326</b>

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$2,800,711, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2023	\$ 729,182
2024	(41,368)
2025	344,693

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

Actuarial Assumptions. The total pension liability in the July 1, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Municipal bond rate	2.16 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 2.16 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 2.21 percent to 2.16 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 2.16 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.16 percent) or 1 percentage point higher (3.16 percent) than the current rate:

	1% Decrease (1.16%)	Current Discount Rate (2.16%)	1% Increase (3.16%)
District's proportionate share of the net pension liability	\$ 66,247,102	\$ 57,302,379	\$ 49,974,181

## 2. FRS – Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Comprehensive Annual Financial Report.

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2021-22 fiscal year were as follows:

Class	Percent of Gross Compensation
FRS, Regular	6.30
FRS, Elected County Officers	11.34

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$1,100,367 for the fiscal year ended June 30, 2022.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

**E. Other Postemployment Benefit Obligations**

The District follows GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for reporting the employers' OPEB Plan liability.

*Plan Description.* The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to Section 112.0801, Florida Statutes, employees who retire from the District, and eligible dependents, are eligible to participate in the District's health and hospitalization plan for medical, prescription drug, dental, vision, and life insurance coverage. Eligible dependents are not eligible to participate in life insurance coverage. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system or other entity. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75.

*Benefits Provided.* Health, dental, and vision benefits are available to retirees and their eligible dependents. Retirees are eligible for up to \$25,000 life insurance benefit until age 70 with a required contribution of \$0.750 per \$1,000. The benefit reduces to a maximum of \$10,000 at age 70 with a required contribution of \$1.021 per \$1,000 of the life benefit. Since retirees pay the full premium for dental and vision benefits, there is no liability associated with either benefit. Medicare eligible retirees must choose one of the healthcare plans below, if desired, and will pay the full premium. A summary of the key healthcare plan design features and premiums for each plan is provided in the table below:

Plan Type	HSA	HSA	HSA

*Total OPEB Liability.* The District's total OPEB liability of \$24,125,429 was measured as of June 30, 2022, and was determined by an actuarial valuation on June 30, 2022.

*Actuarial Assumptions and Other Inputs.* The total OPEB liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Changes of assumptions reflect a change in the discount rate from 2.16 percent in 2021 to 3.54 percent in 2022.

*Funded Status and Funding Progress.* As of June 30, 2022, the most recent valuation date, the total OPEB Plan liability was \$24,125,429, and assets held in trust were \$0, resulting in a funded ratio of 0 percent. The covered payroll (annual payroll of active participating employees) was \$158,955,716, and the ratio of the total OPEB Plan liability to the covered payroll was 15 percent.

The OPEB Plan contribution requirements of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advance-funded or established a funding methodology for the annual OPEB expense or the net OPEB Plan liability, and the OPEB Plan is financed on a pay-as-you-go basis.

*Actuarial Assumptions and Methods.* OPEB selected economic, demographic and health care claim cost assumptions are prescribed for purposes of compliance with GASB 75. The method used to calculate the service cost and accumulated postretirement benefit obligation for determining OPEB expense is the entry age normal cost method based on level percentage of projected salaries. Under this cost method, the actuarial accrued liability is based on a prorated portion of the present value of all benefits earned to date over expected future working life time as defined by GASB. The proration is determined so that the cost with respect to service accrued from date of hire is recognized as a level percentage of pay each year. The Normal Cost is equal to the prorated cost for the year of the valuations. Benefit obligations and expense/(income) are calculated under U.S. Generally Accepted Accounting Principles as set forth in Government Accounting Standards Board Statement 75. The total OPEB liability represents the actuarial present value of benefits based on the entry age normal cost method as of the measurement date reflecting all normal costs over the period when benefits were earned. The OPEB expense is the annual amount to be recognized in the income statement as the cost of OPEB benefits for this plan for the period ending June 30, 2022.

The previous valuation for the District on June 30, 2021, resulted in a liability of \$27.6 million compared to the \$24.1 million for June 30, 2022, resulting in a \$3,462,658 decreased in the liability due primarily to an increase in the discount rate from 2.16 percent to 3.54 percent.

### G. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Coverage of these risks is provided for in a variety of different ways. For most general liability claims, the District relies upon the sovereign immunity limits of Section 768.28, Florida Statutes, which limits the District's liability to \$200,000 for each claimant and \$300,000 in any one occurrence; however, the District did purchase a commercial general liability policy for certain special events. The District is, to some extent, also self-insured for property losses, workers' compensation, automobile liability, crime, and errors and omissions. To limit its exposure to property losses, the District purchased excess property and boiler and machinery insurance with varying deductibles, sublimits, and policy maximums through the Florida School Boards Insurance Trust (FSBIT). FSBIT is a self-insurance fund for Florida school boards established under the authority set forth in Section 1001.42, Florida Statutes. Likewise, the District limited its exposure for workers' compensation, automobile liability, crime, and errors and omissions by purchasing commercial insurance policies which covers losses exceeding specified limits up to certain policy maximums. Health, life, and dental coverage, as well as long-term disability for District employees is also provided through commercially purchased insurance.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past 3 fiscal years.

The District reports all of its risk management activities in the General Fund. At June 30, 2022, an actuarially determined liability of \$2,914,000 (\$56,000 for the property program, undiscounted, and \$2,858,000 for the casualty program, discounted using a 4 percent rate of return) is reported as estimated insurance claims payable on the District's statement of net position.

The following schedule represents the changes in claims liability for the past 2 fiscal years for the District's self-insurance program:

On November 16, 2016, the District entered into a financing arrangement under and pursuant to the master lease-purchase agreement, whereby the District refunded the Certificates of Participation, Series 2006 and advance refunded Certificates of Participation, Series 2007. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the ground lease for the benefit of the securers of the certificates for a period of time specified by the arrangements which may be up through the last day of the ground lease.

The District properties included in the ground lease include properties at Crestview High School, Laurel Hill School, Elliott Point Elementary School, Silver Sands School, Plew Elementary School, Ruckel Middle School, Bob Sikes Elementary School, Edwins Elementary School, Wright Elementary School, Pryor Middle School, Baker School, Niceville High School and Fort Walton Beach High School.

### K. Fund Balance Reporting

In addition to committed and assigned fund balance categories discussed in Note I.F,10., fund balances may be classified as follows:

- **Nonspendable Fund Balance.** Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash.
- **Restricted Fund Balance.** Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance.
- **Assigned Fund Balance.** The assigned fund balance is the portion of fund balance that is intended to be used for specific purposes, but is neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by an authorized

OKALOOSA COUNTY DISTRICT SCHOOL BOARD  
NOTES TO FINANCIAL STATEMENTS

government body or official, but the constraint imposed does not satisfy the criteria to be classified as restricted or committed. This category includes any remaining positive amounts, for governmental funds other than the General Fund, not classified as nonspendable, restricted, or committed. The District also classifies amounts as assigned that are constrained to be used for specific purposes based on actions of the Board and not included in other categories.

- **Unassigned Fund Balance.** The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. The District has a contingency reserve of \$1,511,792 established informally through the budget process that is included in the unassigned fund balance. The contingency reserve is intended to help sustain the financial stability of the District during times of emergency spending such as disaster recovery and revenue shortfalls that could potentially occur after the current year's budget adoption.

**V. LITIGATION**

The District is involved in several pending and threatened legal actions, including litigation through an insurance provider with multiple plaintiffs regarding allegations of not reporting instances of child abuse. In the opinion of District management, after consulting with legal counsel, the range of potential loss from these claims and actions, over any amounts covered by insurance, should not materially affect the financial condition of the District.

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**For the Fiscal Year Ended June 30, 2022**

**1. Budgetary Basis of Accounting**

The Board follows procedures established by State statutes and State Board of Education ("SBE") rules in establishing budget balances for governmental funds, as described below:

- \* Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.
- \* Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student transportation services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- \* Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- \* Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent fiscal year's appropriations.
