

**School District of Okaloosa County**  
**SUMMARY LEVEL PROJECT BUDGETS**  
**FISCAL YEAR 2011-2012**

**PROJECT NAME:** Instructional Materials - Textbooks

**PROJECT NUMBER:** 3105

**PROJECT DESCRIPTION:**

Provides funds to district schools for instructional materials, textbooks, or other items which have an intellectual content which assist in the instruction of a subject or course.

**FUND SOURCE:** State Categorical - Instructional Materials

**APPROPRIATIONS AND STAFFING:**

## **Excerpt from The 2010 Florida Statutes**

### **1006.40 Use of instructional materials allocation; instructional materials, library books, and reference books; repair of books.**

- (1) On or before July 1 each year, the commissioner shall certify to each district school superintendent the estimated allocation of state funds for instructional materials, computed pursuant to the provisions of s. 1011.67 for the ensuing fiscal year.
- (2)
  - (a) Each district school board must purchase current instructional materials to provide each student with a textbook or other instructional materials as a major tool of instruction in core courses of the appropriate subject areas of mathematics, language arts, science, social studies, reading, and literature for kindergarten through grade 12. Such purchase must be made within the first 2 years after the effective date of the adoption cycle; however, this requirement is waived for the adoption cycle occurring in the 2008-2009 academic year for schools within the district which are identified in the top four categories of schools pursuant to s. 1008.33, as amended by chapter 2009-144, Laws of Florida. The Commissioner of Education may provide a waiver of this requirement for the adoption cycle occurring in the 2008-2009 academic year if the district demonstrates that it has intervention and support strategies to address the particular needs of schools in the lowest two categories. Unless specifically provided for in the General Appropriations Act, the cost of instructional materials purchases required by this paragraph shall not exceed the amount of the district's allocation for instructional materials, pursuant to s. 1011.67, for the previous 2 years.
  - (b) The requirement in paragraph (a) does not apply to contracts in existence before April 1, 2000, or to a purchase related to growth of student membership in the district or for instructional materials maintenance needs.
- (3)
  - (a) Each district school board shall use the annual allocation for the purchase of instructional materials included on the state-adopted list, except as otherwise authorized in paragraphs (b) and (c). No less than 50 percent of the annual allocation shall be used to purchase items which will be used to provide instruction to students at the level or levels for which the materials are designed.
  - (b) Up to 50 percent of the annual allocation may be used for the purchase of instructional materials, including library and reference books and nonprint materials, not included on the state-adopted list and for the repair and renovation of textbooks and library books.

## **Excerpt from The 2010 Florida Statutes**

### **1006.40 Use of instructional materials allocation; instructional materials, library books, and reference books; repair of books. (Continued)**

- (c) District school boards may use 100 percent of that portion of the annual allocation designated for the purchase of instructional materials for kindergarten, and 75 percent of that portion of the annual allocation designated for the purchase of instructional materials for first grade, to purchase materials not on the state-adopted list.
- (4) The funds described in subsection (3) which district school boards may use to purchase materials not on the state-adopted list shall be used for the purchase of instructional materials or other items having intellectual content which assist in the instruction of a subject or course. These items may be available in bound, unbound, kit, or package form and may consist of hardbacked or softbacked textbooks, electronic content, replacements for items which were part of previously purchased instructional materials, consumables, learning laboratories, manipulatives, electronic media, computer courseware or software, and other commonly accepted instructional tools as prescribed by district school board rule. The funds available to district school boards for the purchase of materials not on the state-adopted list may not be used to purchase electronic or computer hardware even if such hardware is bundled with software or other electronic media unless the district school board has complied with the requirements in s. 1011.62(6)(b)5., nor may such funds be used to purchase equipment or supplies. However, when authorized to do so in the General Appropriations Act, a school or district school board may use a portion of the funds available to it for the purchase of materials not on the state-adopted list to purchase science laboratory materials and supplies.
- (5) Each district school board shall adopt rules, and each district school superintendent shall implement procedures, that will assure the maximum use by the students of the authorized instructional materials.
- (6) District school boards may issue purchase orders subsequent to February 1 in an aggregate amount which does not exceed 20 percent of the current year's allocation, and subsequent to April 1 in an aggregate amount which does not exceed 90 percent of the current year's allocation, for the purpose of expediting the delivery of instructional materials which are to be paid for from the ensuing year's allocation.
- (7) In any year in which the total instructional materials allocation for a school district has not been expended or obligated prior to June 30, the district school board shall carry forward the unobligated amount and shall add it to the next year's allocation.
