

**SCHOOL DISTRICT OF OKALOOSA COUNTY**  
**READING INSTRUCTION - LITERACY COACHES**  
**FISCAL YEAR 2012-2013**  
**AS OF MARCH 2012**

The proposed Governor's Budget for fiscal year 2012-2013 contains a specific line item allocation for Reading Instruction. The District will use these funds to provide ongoing embedded professional development support for schools through Literacy Coaches. The state categorical program "Reading Instruction", in conjunction with the federal program "Title II - Part A", will place part-time Literacy Coaches in elementary schools, middle, and high schools. The embedded professional development activities provided by the Literacy Coaches are directly related to student achievement issues and reflect intensive efforts to increase achievement through the more highly developed cognitive base of teachers in the area of literacy.

**Project Number: 6123**

**Allocation Method:** 50% Literacy Coach Unit for each elementary, middle, high, and K-8 school; 100% Literacy Coach Unit for each K-12 school

**Allocation Amount:** 50% or 100% Literacy Coach Position Multiplied by FY 2012-2013 Average Salary for Literacy Coach Unit

FY 2012-2013 Average Literacy Coach Salary = **\$67,900**

<i>Example: Ruckel Middle</i>		<i>Reading Instruction</i>
Units	Average Salary	Allocation
0.50 x	\$67,900 =	\$33,950

For budgeting purposes, there is a section on the Salary Menu (MIS 3386) for Literacy Program - Project 6123. Finance has already entered the estimated number of Literacy Coach units allocated to your school.

*Literacy Coaches will be funded from Title II - Part A and the Governor's proposed specific line item allocation entitled Reading Instruction.*

*Please see Title II - Part A Section in Budget Manual.*

## Excerpt from The 2011 Florida Statutes

### 1011.62(9)

#### (9) RESEARCH-BASED READING INSTRUCTION ALLOCATION.

- (a) The research-based reading instruction allocation is created to provide comprehensive reading instruction to students in kindergarten through grade 12.
- (b) Funds for comprehensive, research-based reading instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act. Each eligible school district shall receive the same minimum amount as specified in the General Appropriations Act, and any remaining funds shall be distributed to eligible school districts based on each school district's proportionate share of K-12 base funding.
- (c) Funds allocated under this subsection must be used to provide a system of comprehensive reading instruction to students enrolled in the K-12 programs, which may include the following:
  - 1. The provision of highly qualified reading coaches.
  - 2. Professional development for school district teachers in scientifically based reading instruction, including strategies to teach reading in content areas and with an emphasis on technical and informational text.
  - 3. The provision of summer reading camps for students who score at Level 1 on FCAT Reading.
  - 4. The provision of supplemental instructional materials that are grounded in scientifically based reading research.
  - 5. The provision of intensive interventions for middle and high school students reading below grade level.
- (d) Annually, by a date determined by the Department of Education but before May 1, school districts shall submit a K-12 comprehensive reading plan for the specific use of the research-based reading instruction allocation in the format prescribed by the department for review and approval by the Just Read, Florida! Office created pursuant to s. 1001.215. The plan annually submitted by school districts shall be deemed approved unless the department rejects the plan on or before June 1. If a school district and the Just Read, Florida! Office cannot reach agreement on the contents of the plan, the school district may appeal to the State Board of Education for resolution. School districts shall be allowed reasonable flexibility in designing their plans and shall be encouraged to offer reading remediation through innovative methods, including career academies. The plan format shall be developed with input from school district personnel, including teachers and principals, and shall allow courses in core, career, and alternative programs that deliver intensive reading remediation through integrated curricula, provided that the teacher is deemed highly qualified to teach reading or working toward that status. No later than July 1 annually, the department shall release the school district's allocation of appropriated funds to those districts having approved plans. A school district that spends 100 percent of this allocation on its approved plan shall be deemed to have been in compliance with the plan. The department may withhold funds upon a determination that reading instruction allocation funds are not being used to implement the approved plan.
