### **Excerpt from The 2013 Florida Statutes**

#### 1011.62 Funds for operation of schools.

# **Supplemental Academic Instruction**

(f) Supplemental academic instruction; categorical fund.—

- 1. There is created a categorical fund to provide supplemental academic instruction to students in kindergarten through grade 12. This paragraph may be cited as the "Supplemental Academic Instruction Categorical Fund."
- 2. Categorical funds for supplemental academic instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act. These funds shall be in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program and shall be included in the total potential funds of each district. These funds shall be used to provide supplemental academic instruction to students enrolled in the K-12 program. For the 2012-2013, 2013-2014, and 2014-2015 fiscal years, each school district that has one or more of the 100 lowest-performing elementary schools based on the state reading assessment shall use these funds, together with the funds provided in the district's research-based reading instruction allocation and other available funds, to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided only by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 assessment scores may participate in the additional hour of instruction on an optional basis. Exceptional student education centers shall not be included in the 100 schools. After this requirement has been met, supplemental instruction strategies may include, but are not limited to: modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, class size reduction, extended school year, intensive skills development in summer school, and other methods for improving student achievement. Supplemental instruction may be provided to a student in any manner and at any time during or beyond the regular 180-day term identified by the school as being the most effective and efficient way to best help that student progress from grade to grade and to graduate.
- 3. Effective with the 1999-2000 fiscal year, funding on the basis of FTE membership beyond the 180-day regular term shall be provided in the FEFP only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs under s. 985.19. Funding for instruction beyond the regular 180-day school year for all other K-12 students shall be provided through the supplemental academic instruction categorical fund and other state, federal, and local fund sources with ample flexibility for schools to provide supplemental instruction to assist students in progressing from grade to grade and graduating.
- 4. The Florida State University School, as a lab school, is authorized to expend from its FEFP or Lottery Enhancement Trust Fund allocation the cost to the student of remediation in reading, writing, or mathematics for any graduate who requires remediation at a postsecondary educational institution.
- 5. Beginning in the 1999-2000 school year, dropout prevention programs as defined in ss. 1003.52, 1003.53(1)(a), (b), and (c), and 1003.54 shall be included in group 1 programs under subparagraph (d)3.
