

**SCHOOL DISTRICT OF OKALOOSA COUNTY
 LOTTERY - SCHOOL ADVISORY COUNCIL
 FISCAL YEAR 2021-2022
 AS OF APRIL 2021**

The State makes an initial Discretionary Lottery allocation to each District; however, this allocation is subject to change based on the School Recognition Program funds remaining at the State level after funding the Florida School Recognition Program. Once the final Discretionary Lottery allocation is made for the fiscal year, School Boards must allocate up to \$5 per unweighted FTE to be used at the discretion of the School Advisory Council (SAC).

These funds may not be used for capital improvements or for any project or program that has a duration of more than one year; however, a school advisory council may independently determine that a program or project funded in a prior year should receive funds in a subsequent year. If there are insufficient funds remaining to fully fund the SACs, then the funds are prorated to the SACs. Also see sections 24.121(5)(c) and 1001.452, F.S., relative to school advisory councils and expenditure of these funds.

School Advisory Council funds must be accounted for and are subject to audit on a yearly basis. Each year's allocation will be accounted for in a separate project. For example, fiscal year 2020-2021 would have been Project 1002, and fiscal year 2021-2022 would be Project 2002.

Project Number: 2002

Allocation Method: 100% X \$0 X School Original Projected UFTE

Allocation Amount: \$0.00 Per UFTE (See above)

<i>Example: Edwins Elementary</i>	<i>Lottery - School Advisory Council</i>
	$100\% \times \frac{\text{Per UFTE}}{\$0.00} \times \frac{\text{UFTE}}{442.00} = \frac{\text{Allocation}}{\$0.00}$

The intent of School Advisory funds is for the funds to be spent in the year they are earned. Therefore, each school is strongly encouraged to expend each year's allocation in the year it is received and in compliance with the School Advisory Council Plan.

Any available funds in the project for your school at the end of the fiscal year will carry over to the next fiscal year.

24.121 Allocation of revenues and expenditure of funds for public education (State Lotteries).

(5)

- (a) Public educational programs and purposes funded by the Educational Enhancement Trust Fund may include, but are not limited to, endowment, scholarship, matching funds, direct grants, research and economic development related to education, salary enhancement, contracts with independent institutions to conduct programs consistent with the state master plan for postsecondary education, or any other educational program or purpose deemed desirable by the Legislature. Prior to the expenditure of these funds, each school district shall establish policies and procedures that define enhancement and the types of expenditures consistent with that definition.
- (b) Except as provided in paragraphs (c), (d), and (e), the Legislature shall equitably apportion moneys in the trust fund among public schools, community colleges, and universities.
- (c) A portion of such net revenues, as determined annually by the Legislature, shall be distributed to each school district and shall be made available to each public school in the district for enhancing school performance through development and implementation of a school improvement plan pursuant to s. [1001.42\(18\)](#). A portion of these moneys, as determined annually in the General Appropriations Act, must be allocated to each school in an equal amount for each student enrolled. These moneys may be expended only on programs or projects selected by the school advisory council or by a parent advisory committee created pursuant to this paragraph. If a school does not have a school advisory council, the district advisory council must appoint a parent advisory committee composed of parents of students enrolled in that school, which is representative of the ethnic, racial, and economic community served by the school, to advise the school's principal on the programs or projects to be funded. Neither school district staff nor principals may override the recommendations of the school advisory council or the parent advisory committee. These moneys may not be used for capital improvements or for any project or program that has a duration of more than 1 year; however, a school advisory council or parent advisory committee may independently determine that a program or project formerly funded under this paragraph should receive funds in a subsequent year.
- (d) No funds shall be released for any purpose from the Educational Enhancement Trust Fund to any school district in which one or more schools do not have an approved school improvement plan pursuant to s. [1001.42\(18\)](#) or do not comply with school advisory council membership composition requirements pursuant to s. [1001.452\(1\)](#). The Commissioner of Education shall withhold disbursements from the trust fund to any school district that fails to adopt the performance-based salary schedule required by s. [1012.22\(1\)](#).
- (e) All components of the Florida Bright Futures Scholarship Program shall be funded annually from the Educational Enhancement Trust Fund. Funds shall be allocated to this program prior to application of the formula for equitable distribution to public schools, community colleges, and state universities. If shortages require reductions in estimated distributions from the Educational Enhancement Trust Fund, funds for the Florida Bright Futures Scholarship Program shall be reduced only after reductions in all other distributions are made.
- (f) Each school district shall, on a quarterly basis, make available to the public and distribute, in an easy to understand format, the expenditures of lottery funds allocated to the school district.

1001.452 District and school advisory councils.

(1) ESTABLISHMENT.—

- (a) The district school board shall establish an advisory council for each school in the district and shall develop procedures for the election and appointment of advisory council members. Each school advisory council shall include in its name the words “school advisory council.” The school advisory council shall be the sole body responsible for final decisionmaking at the school relating to implementation of ss. [1001.42](#)(18) and [1008.345](#). A majority of the members of each school advisory council must be persons who are not employed by the school district. Each advisory council shall be composed of the principal and an appropriately balanced number of teachers, education support employees, students, parents, and other business and community citizens who are representative of the ethnic, racial, and economic community served by the school. Career center and high school advisory councils shall include students, and middle and junior high school advisory councils may include students. School advisory councils of career centers and adult education centers are not required to include parents as members. Council members representing teachers, education support employees, students, and parents shall be elected by their respective peer groups at the school in a fair and equitable manner as follows:

1. Teachers shall be elected by teachers.
2. Education support employees shall be elected by education support employees.
3. Students shall be elected by students.
4. Parents shall be elected by parents.

The district school board shall establish procedures to be used by schools in selecting business and community members that include means of ensuring wide notice of vacancies and of taking input on possible members from local business, chambers of commerce, community and civic organizations and groups, and the public at large. The district school board shall review the membership composition of each advisory council. If the district school board determines that the membership elected by the school is not representative of the ethnic, racial, and economic community served by the school, the district school board shall appoint additional members to achieve proper representation. The commissioner shall determine if schools have maximized their efforts to include on their advisory councils minority persons and persons of lower socioeconomic status. Although schools are strongly encouraged to establish school advisory councils, the district school board of any school district that has a student population of 10,000 or fewer may establish a district advisory council which includes at least one duly elected teacher from each school in the district. For the purposes of school advisory councils and district advisory councils, the term “teacher” includes classroom teachers, certified student services personnel, and media specialists. For purposes of this paragraph, “education support employee” means any person employed by a school who is not defined as instructional or administrative personnel pursuant to s. [1012.01](#) and whose duties require 20 or more hours in each normal working week.

- (b) The district school board may establish a district advisory council representative of the district and composed of teachers, students, parents, and other citizens or a district advisory council that may be comprised of representatives of each school advisory council. Recognized schoolwide support groups that meet all criteria established by law or rule may function as school advisory councils.

- (c) For those schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs, district school boards may establish a district advisory council with appropriate representatives for the purpose of developing and monitoring a district school improvement plan that encompasses all such schools in the district, pursuant to s. [1001.42\(18\)\(a\)](#).
- (d) Each school advisory council shall adopt bylaws establishing procedures for:
 - 1. Requiring a quorum to be present before a vote may be taken by the school advisory council. A majority of the membership of the council constitutes a quorum.
 - 2. Requiring at least 3 days' advance notice in writing to all members of the advisory council of any matter that is scheduled to come before the council for a vote.
 - 3. Scheduling meetings when parents, students, teachers, businesspersons, and members of the community can attend.
 - 4. Replacing any member who has two unexcused consecutive absences from a school advisory council meeting that is noticed according to the procedures in the bylaws.
 - 5. Recording minutes of meetings.

The district school board may review all proposed bylaws of a school advisory council and shall maintain a record of minutes of council meetings.

- (2) DUTIES.—Each advisory council shall perform functions prescribed by regulations of the district school board; however, no advisory council shall have any of the powers and duties now reserved by law to the district school board. Each school advisory council shall assist in the preparation and evaluation of the school improvement plan required pursuant to s. [1001.42\(18\)](#). With technical assistance from the Department of Education, each school advisory council shall assist in the preparation of the school's annual budget and plan as required by s. [1008.385\(1\)](#). A portion of funds provided in the annual General Appropriations Act for use by school advisory councils must be used for implementing the school improvement plan.

[1008.34](#) and as calculated under s. [1008.34](#)(3)(b), who passed statewide, standardized assessments; or has significantly lower graduation rates for a subgroup when compared to the state’s graduation rate.
