### 1. Teachers Working as Instructional Substitutes

- According to the contract, “when a teacher agrees to act as a substitute teacher during the teacher’s preparation period, the teacher will be paid \$15 for each class period.”
- This amount is paid through Object 0102 – Other Compensation.
- Budgeting will cover the other compensation expenditure using the school substitute budget. Note: This only applies to schools that are centrally-budgeted. Contracted schools and/or schools with a separate revenue source, such as Title I or VPK, must cover the other compensation from within their budgets.
