Public Content

On September 8, 2014, the School Board adopted the budget for fiscal year 2014-2015. As the fiscal year progresses, we ask the School Board to amend the budget to more accurately reflect estimated revenues and appropriations. The amendments are results of various factors including: increases or decreases in estimated revenues to more accurately reflect revenues; and increases or decreases in appropriations to more accurately reflect estimated expenditures and/or better utilize funds for schools, departments, and projects. These amendments facilitate district operations to occur in a positive manner.

These amendments properly reflect the estimated revenue and appropriations. The amendments show the estimated revenue and appropriations for each fund and provide a description of the amendments.

Required by S.B.E. rule 6A-1.006.

Additional New Revenue Appropriated During the Month of June 2015:

General Fund \$1,580,242.27

Debt Service Funds 1,203,083.83
