Installation guidelines and specifications along with carpet care recommendations can be obtained from your dealer or from Patcraft Designweave Customer Connect 1.800.241.4104 or on-line at patcraftdesignweave.com.

What the Ultraloc Pattern lifetime commercial limited warranty covers:

This warranty does not cover appearance retention, matting and crushing and normal appearance changes in high traffic areas.

Fiber Static Production

Patcraft Designweave warrants that carpet using our approved face fiber and coated with our high performance latex broadloom backing system will not generate static build-up in excess of 3.5 kV, during the lifetime warranty period as tested by AATCC Test Method 134.

The following should be provided to Shaw Industries Financial Services and your Patcraft Designweave representative:

You (the original purchaser) should notify the authorized Patcraft Designweave Dealer and/or your Patcraft Designweave representative and submit in writing, the following:

- ☞ A valid proof of purchase in the form of a sales receipt or other documents, which establish proof of purchase.
- ☞ A detailed description of the problem and/or a photograph/sample that clearly shows the warranty problem.

Shaw Industries will designate a representative to inspect the Carpet coated with our high performance latex broadloom backing system and evaluate the warranty claim.

What Shaw will do should your warranty claim be approved:

Should a defect covered under this warranty be found, the affected area will be repaired to conform to the warranty. If repair is not commercially practical, Shaw may, at its sole option, replace the affected carpet or refund the proportional purchase price for the affected area.

Shaw will pay the reasonable costs for freight and labor. Any costs incurred for the moving of equipment, furnishings, partitions and the like, that were installed over the Shaw Commercial Backing product will be at the consumer's expense.

What conditions apply to Shaw industrial floors? Please refer to the product literature for more information.

Patcraft Designweave requires seam sealer, properly applied per Patcraft Designweave Installation guidelines, to minimize or prevent yarn from raveling and fraying at the seams.

This warranty does not cover burns, cuts, fading, matting, pills, pulls, odor, soiling, staining, tears or damage due to improper installation or due to improper cleaning agents or methods. Carpet installed on stairs or in areas subject to abnormal foot-traffic use (i.e. golf spikes, other spiked footwear, ski boots, and the like) is excluded.
