Thank you for your interest in Okaloosa County Schools.

## PRISMS OF REALITY PROPOSAL CONTRACT FOR **Okaloosa County Schools**.

### ABOUT PRISMS

Prisms of Reality is an experiential learning platform for math and science that uses adaptive Immersive Virtual Reality (IVR) to transform the learning experience. Designed for tactile, kinesthetic, and visual sense-making while solving compelling real-world problems, our solution is designed to help Okaloosa County Schools efficiently bridge learning losses and boost interest in STEM in a fun, engaging and delightful way while adhering to rigorous pedagogical standards.

Our secondary mathematics and science courses in IVR each consist of standards-aligned modules on core topics. Each student-led module comprises up to two interrelated IVR experiences. A synchronous web-based dashboard allows teachers to monitor student progress and strategically intervene while students are in VR. Offline instructional activities and materials help students build connections across 3D, 2D, and 1D representations to develop the ingenuity, persistence, and fluency required for future STEM success.

Unlike other technological solutions, Prisms' platform provides student-centered, active learning mechanisms that maximize engagement as well as performance. We provide teachers with unit-specific instructional toolkits that foster fearless implementation before, during, and after each module for enduring student success. Prisms is the new paradigm in STEM learning, empowering teachers and students to teach and learn math and science through movement, experience, and discovery.

## SCOPE OF PROJECT

### Overview

The partnership between Prisms and **Okaloosa County Schools** involves the implementation of Prisms' VR content & related materials to provide administrators and educators with a platform that rapidly improves student proficiencies on key bottleneck topics in secondary math and science.

### Headsets and Headset Storage

Prisms has a partnership with leading VR headset manufacturers Meta and Pico and leading VR storage manufacturer Spectrum Industries. Prisms VR content is available on several modern headset models as part of an exclusive solution bundled with MDM. Prisms will work with you to align on the best hardware configuration during procurement, at prices not to exceed those outlined below in the Description of Platform, Services, and Fees.

### Charging

Prisms recommends Okaloosa County Schools purchase additional AA batteries for the VR controllers, each of which requires either 1 or 2 AA batteries, depending on the model.

### Designated Coordinator

Prisms requests that **Okaloosa County Schools** provide a designated coordinator to oversee the implementation of the partnership project. This coordinator's responsibilities may include coordinating hardware deliveries, supervising the scheduling of administrator and teacher onboarding, streamlining communication between Prisms and the Okaloosa County Schools, helping facilitate software updates, and the like.

### Data Privacy Policy and Subscription Terms and Conditions

Please thoroughly review our [Data Privacy Policy](#) and our [Subscription Terms and Conditions](#).

## DESCRIPTION OF LICENSES, SERVICES, AND FEES

HARDWARE			
Description	Cost per Unit (\$)	Number of Units	Total Cost (\$)
Prisms VR Headsets + Shipping		60	
Prisms VR Charging Cart - 30 capacity		2	
Headset Support - 1 year MDM & Technical Support		60	
<b>Hardware &amp; Support Total</b>			

Pricing valid through end of April 2025

1. **Student Licenses.** Full IVR content access for a single student for the term of partnership. Unused licenses are non-refundable.
2. **Administrator and Teacher Licenses.** Provides named administrators and teachers access to the teacher dashboard and offline teacher toolkit materials. These licenses come at no additional cost. Licenses for staff members can be revoked by designated senior administrators at any time.
3. **MDM.** Okaloosa County Schools will have administrative access to an MDM to monitor and manage devices.
4. **Ongoing Hardware & Software Support.** Spectrum offers a 2-year manufacturer's warranty for electrical components and a 10-year manufacturer's warranty for craftsmanship on all Spectrum carts. In addition, Prisms

will provide ongoing hardware & software troubleshooting and support for your Okaloosa County Schools throughout your implementation of the Prisms product, including coordinating Prisms software updates remotely through MDM

5. **Term of Partnership.** The hardware will be owned by Okaloosa County Schools. But the MDM service will be an enrollment term of **12 months**, beginning on **April 17, 2025 and ending April 16, 2026.**
6. All invoices are to be paid within Net 30 terms from the date of headset delivery.

My signature below indicates that I am an authorized representative of my organization; I have reviewed, understand, and accept all terms outlined in this proposal describing the partnership between Prisms of Reality Inc. and **Okaloosa County Schools.**
