Florida Teachers Lead Program

The Florida Teachers Lead Program provides funding for certified teachers, employed on or before September 1, 2008, whose full-time job responsibility is the classroom instruction of students in prekindergarten through grade 12 and full time media specialists and guidance counselors who serve students in kindergarten through grade 12.

At the September 22, 2008, School Board Meeting, the District will request permission to pay certified Adult Vocational Teachers, Behavior Analysts, Occupational Therapists, Physical Therapists, School Psychologists, Social Workers, and Staffing Specialists an equivalent amount (\$225.00) for materials and supplies which will be funded from miscellaneous revenues. If the School Board approves the request, your school will receive another allocation specifically for Adult Vocational Teachers, Behavior Analysts, Occupational Therapists, Physical Therapists, School Psychologists, Social Workers, and Staffing Specialists.

Attached please find your school's Florida Teachers Lead check and a teacher list reflecting the number of eligible positions to receive Florida Teachers Lead dollars as of September 1, 2008. Our District recognizes full time teachers as those teachers working 4.5 hours or greater. Teachers who work 3.75 hours to 4.49 will receive half of the full stipend amount (\$225.00 X 50% = \$112.50). This is the final allocation for the 2008-2009 School Year.

The requirements which must be met in order to disburse the Florida Teachers Lead funds are as follows:

- 1. The attached check is to be deposited into your school's Internal Funds bank account. The deposit will then be entered into the Manatee Accounting System and coded to account number 9 800. The bookkeeper will process a check to each individual teacher on the attached list by September 30, 2008.
- 2. Each eligible teacher will receive a check in the amount of \$225.00 or half of a stipend in the amount of \$112.50.
- 3. In accepting a check, the teacher is required to sign The Florida Teachers Lead Program agreement form accepting these funds (See Attachment). The teacher agrees to keep all receipts and to spend the funds for the sole purpose of purchasing classroom materials and supplies to be used in the instruction of students assigned to them. The teacher also agrees to return any unused funds to the school at the end of the school year.

### **Technical Assistance Memo-Finance**

- 4. If there are any teachers at your school who do **not** spend all of their funds, those dollars should be remitted to the School District on a MIS 3218 Cash Transmittal Form prior to the end of the school year. Those funds will be allocated to your school's School Advisory Council Project 9002.
- 5. If there are any teachers at your school who are no longer eligible for the Florida Lead Teacher Funds, those dollars should be remitted back to the School District on a MIS 3218 Cash Transmittal Form prior to the end of the school year. Those funds will be allocated back to the Florida Teachers Lead Project 3180.
- 6. For further information, we have attached a copy of Florida Department of Education memorandum dated July 15, 2008, which outlines the eligibility, distribution and accepted use of Florida Teachers Lead funds.

Remember, each teacher on the attached list must receive a check no later than September 30, 2008.

If you have any questions relating to the Florida Teachers Lead Program, please call Paula Sadler, Accountant, at 833-5833.

## Okaloosa County School District Florida Teachers Lead Program

Date:
"I,, am employed by Okaloosa County District School Board as a full-time or part-time classroom teacher. I acknowledge that Florida Teachers Lead Program funds are appropriated by the Legislature for the sole purpose of purchasing classroom materials and supplies to be used in the instruction of students assigned to me. In accepting custody of these funds, I agree to keep the receipts for all expenditures for no less than 4 years. I understand that if I do not keep the receipts, it will be my personal responsibility to pay any federal taxes due on these funds. I also agree to return any unexpended funds to the district school board at the end of the regular school year for deposit into the school advisory council account of the school where I was employed at the time I received the funds or for deposit into the Florida Teachers Lead Program account of the school district at which I was employed at the time of the receipt of the funds."

TO:

**District School Superintendents** 

FROM:

Linda Champion

SUBJECT:

Section 1012.71, Florida Statutes (F.S.), The Florida Teachers Lead Program

To enhance the quality of teaching conditions in classrooms in Florida, the Legislature enacted the Florida Teachers Lead Program in 1998. This memorandum is in response to recent questions regarding the substantial rewording made by the 2008 Legislature to Section 1012.71, Florida Statutes (F.S.), the Florida Teachers Lead Program, in Senate Bill 1908. The following information provides clarification about the distribution of the allocated funds and the responsibilities of the state, district, and eligible teachers.

- The word "stipend" is deleted from the title of the program.
- Teachers Lead funds do not affect a classroom teacher's wages, hours, or terms and conditions of employment and are therefore not subject to collective bargaining.
- The funds appropriated for classroom teachers are to be used to purchase, on behalf of the school district or charter school, classroom materials and supplies for the public school students assigned to the teachers, and may not be used to purchase equipment.

LINDA CHAMPION
DEPUTY COMMISSIONER, FINANCE AND OPERATIONS

- July 15 is set as the date by which the Commissioner of Education shall calculate an amount for each school district, based upon each school district's proportionate share of the state's total unweighted FTE student enrollment, and disburse the funds.
- Regarding distribution of the funds by district school boards or charter school boards, the following changes apply retroactively to July 1, 2007:
  - Language is added to allow district school boards or charter school boards to distribute the funds to teachers by direct deposit, check, debit card, or purchasing card.
  - O A provision is made for any classroom teacher to decline receipt of or return the funds without explanation or cause.
- A "job-share" classroom teacher, previously defined as "two teachers whose combined full-time equivalent employment for the same teaching assignment equals one full-time classroom teacher," now is defined as "one of two teachers whose combined full-time equivalent employment for the same teaching assignment equals one full-time classroom teacher."
- The requirement that teachers keep receipts for the expended funds is expanded to make explicit that receipts must be kept for no less than four years.
- The basis for the calculation of funds allocated to the district to be distributed to classroom teachers is changed from "his or her proportionate share of the amount for each classroom teacher allocated to the district for the total number of teachers in the district, including teachers in public charter schools" to "an identical amount for each classroom teacher, which is that teacher's proportionate share of the total amount allocated to the district."

As in the past, district school boards and each charter school board shall provide each classroom teacher with his or her total proportionate share by September 30 for the sole purpose of purchasing classroom materials and supplies to be used in the instruction of students assigned to them. Unexpended funds shall be returned to the district school board at the end of the regular school year for deposit into the school advisory account of the school where the teacher was employed at the time of receiving the funds or for deposit into the Florida Teachers Lead Program account of the school district in which the charter school is sponsored, as applicable.

Attached is a copy of Section 28 of HB 5083 as well as the Teachers Lead Allocation for 2008-09 from the Final Conference Report for House Bill 5001.

certificates.--A school district may process via a Department of Education website certificates for the following applications of public school employees:

(1) Addition of a subject coverage or endorsement to a valid Florida certificate on the basis of the completion of the appropriate subject area testing requirements of <u>s. 1012.56(5)(a)</u> <u>s. 1012.56(4)(a)</u> or the completion of the requirements of an approved school district program or the inservice components for an endorsement.

1581.

The employing school district shall charge the employee a fee not to exceed the amount charged by the Department of Education for such services. Each district school board shall retain a portion of the fee as defined in the rules of the State Board of Education. The portion sent to the department shall be used for maintenance of the technology system, the web application, and posting and mailing of the certificate.

Section 28. Effective upon this act becoming a law, section 1012.71, Florida Statutes, is amended to read:

(Substantial rewording of section. See

s. 1012.71, F.S., for present text.)

1012.71 The Florida Teachers Lead Program. --

(1) For purposes of the Florida Teachers Lead Program, the term "classroom teacher" means a certified teacher employed by a public school district or a public charter school in that district on or before September 1 of each year whose full-time or job-share responsibility is the classroom instruction of students in prekindergarten through grade 12, including full-time media specialists and guidance counselors serving students in

Prekindergarten through grade 12, who are funded through the Florida Education Finance Program. A "job-share" classroom teacher is one of two teachers whose combined full-time equivalent employment for the same teaching assignment equals one full-time classroom teacher.

- (2) The Legislature, in the General Appropriations Act, shall determine funding for the Florida Teachers Lead Program. The funds appropriated are for classroom teachers to purchase, on behalf of the school district or charter school, classroom materials and supplies for the public school students assigned to them and may not be used to purchase equipment. The funds appropriated shall be used to supplement the materials and supplies otherwise available to classroom teachers. From the funds appropriated for the Florida Teachers Lead Program, the Commissioner of Education shall calculate an amount for each school district based upon each school district's proportionate share of the state's total unweighted FTE student enrollment and shall disburse the funds to the school districts by July 15.
- (3) From the funds allocated to each school district for the Florida Teachers Lead Program, the district school board shall calculate an identical amount for each classroom teacher, which is that teacher's proportionate share of the total amount allocated to the district. A job-share classroom teacher may receive a prorated share of the amount provided to a full-time classroom teacher. The district school board and each charter school board shall provide each classroom teacher with his or her total proportionate share by September 30 of each year by any means determined appropriate by the district school board or charter school board, including, but not limited to, direct

1625 deposit, check, debit card, or purchasing card, notwithstanding any law to the contrary. Expenditures under the program are not 1626 subject to state or local competitive bidding requirements. Funds 1627 1628 received by a classroom teacher do not affect wages, hours, or 1629 terms and conditions of employment and, therefore, are not 1630 subject to collective bargaining. Any classroom teacher may 1631 decline receipt of or return the funds without explanation or cause. This subsection shall apply retroactively to July 1, 2007. 1632 1633 (4) Each classroom teacher must sign a statement acknowledging receipt of the funds, keep receipts for no less 1634 1635 than 4 years to show that funds expended meet the requirements of this section, and return any unused funds to the district school 1636 board at the end of the regular school year. Any unused funds 1637 1638 that are returned to the district school board shall be deposited 1639 into the school advisory council account of the school at which 1640 the classroom teacher returning the funds was employed when that 1641 teacher received the funds or deposited into the Florida Teachers Lead Program account of the school district in which a charter 1642 1643 school is sponsored, as applicable. 1644 (5) The statement must be signed and dated by each 1645 classroom teacher before receipt of the Florida Teachers Lead 1646 Program funds and shall include the wording: "I, (name of 1647 teacher) , am employed by the County District School Board 1648 or by the Charter School as a full-time classroom teacher. I 1649 acknowledge that Florida Teachers Lead Program funds are 1650 appropriated by the Legislature for the sole purpose of 1651 purchasing classroom materials and supplies to be used in the 1652 instruction of students assigned to me. In accepting custody of 1653 these funds, I agree to keep the receipts for all expenditures
