DATE: September 21, 2009

SUBJECT: Public Depositor's Report

A handwritten signature in black ink, enclosed in a hand-drawn oval.

According to Florida Statutes, the School District must file a Public Depositor's Report each November. This report includes the September 30, 2009, balances of all monetary assets held at the District and at each school. Monetary assets include checking accounts, money market accounts, savings accounts and/or certificates of deposit.

Please send copies of the following documentation to Accounting Operations no later than October 16, 2009:

- Checking, savings, and/or money market account statements as of September 30, 2009 (copies of cleared checks need not be included)
- Certificates of deposit with documentation indicating the balance as of September 30, 2009

It is not necessary for schools to document SBA account balance information as this information is available at the District level.

Should you have any questions or need additional information, please contact Alice Shannon at 833-5832. Thank you for your assistance in this matter.
