SUBJECT: Mid-Year Adjustment for Increases (Decreases) in Weighted FTE

FEFP Base Funding (Discretionary) and CSR - Equalization

The Finance Department has received the FTE numbers for the October 2011 Survey. As a result, Finance has recalculated each school's <u>estimated actual</u> UFTE and WFTE based on the October 2011 actual FTE *PLUS* the estimated February 2012 FTE using DOE's February FTE factors. This recalculation affects each schools' FEFP Base Funding allocation (Discretionary) and CSR – Equalization allocation (if applicable). Each of these allocation adjustments are explained below.

### **Summary and Effect of Recalculation**

The attached spreadsheet, "Summary and Effect of Recalculation of FEFP Base Funding and CSR – Equalization (Exhibit A)," provides a summarized overview of the net impact related to mid-year funding changes for each school. The following information is reflected on the spreadsheet:

- <u>Columns A C</u> These columns indicate the WFTE calculations.
- Columns D E Schools With Increases in WFTE Schools with increases in WFTE will see the effect of their funding changes indicated in these columns 50% of FEFP Base Funding increases and 100% of CSR Equalization decreases (if applicable).
- <u>Columns F G Schools With Decreases in WFTE</u> Schools with decreases in WFTE will see the effect of their funding changes indicated in these columns 100% of FEFP Base Funding decreases and 100% of CSR Equalization increases (if applicable).
- <u>Column H Mid-Year Effective Increase/(Decrease) Due to Recalculation</u> The amount in this column was obtained by adding the effect of FEFP Base Funding and CSR Equalization funding changes. Once position changes have been completed in CSR Equalization, this will be the net effect on each school's discretionary budget.

### FEFP Base Funding Allocation (Discretionary)

The attached spreadsheet, "FEFP Base Funding – October Adjustment for Increases (Decreases) in Weighted FTE (Exhibit B)," reflects the step by step process used to calculate each school's mid-year adjustment for increases/(decreases) in WFTE and its effect on the FEFP Base Funding allocations. The following information is included on the spreadsheet:

- Column A Estimated Actual Total WFTE Based On October Survey
- Column B Adjusted Projected WFTE Per School Budget Manual

- <u>Column C Increase/(Decrease) in WFTE</u> Finance compared the new 'Estimated Actual Total WFTE Based On October Survey' (Column A) to the 'Adjusted Projected WFTE Per School Budget Manual' (Column B) to determine each school's increase or decrease in WFTE.
- <u>Column D 92% of FEFP Revenue for Increase/(Decrease) in WFTE</u> Increases and decreases in FEFP revenue were determined by multiplying the 'Increase/(Decrease) in WFTE' (Column C) by the Final Conference Base Student Allocation (\$3,479.22), Final Conference District Cost Differential (0.9703), and 92%.
- <u>Column E Schools with Increases Will Receive 50% of Funds Due</u> Schools receiving an increase in FEFP revenue have been appropriated 50% of this increase. The amount indicated in this column has been added to the appropriate schools' budgets in their discretionary projects 1010-9890-0987-Center.
- <u>Column F Schools with Decreases Will Repay 100% of Funds Due</u> Schools receiving a decrease in FEFP revenue will be responsible for repaying the entire amount (100%) indicated in this column.
- <u>Column G Portion of Reduction Covered by Offset-Decentralized FTE Reserves Project 3004</u> Schools receiving a decrease in FEFP revenue will notice a reduction in their Offset-Decentralized FTE Reserves Project 3004 for the amount indicated in this column.
- <u>Column H Actual Reduction to School Discretionary Reserves</u> If a school did not have enough funds in Offset-Decentralized FTE Reserves Project 3004 to repay its FEFP revenue decrease, the school's discretionary reserves have been reduced by the amount indicated in this column.
- Columns I and J Portion of Reduction Covered by Available Discretionary Reserves/Portion of Reduction Causing a Deficit in Discretionary Reserves The amount of the 'Actual Reduction to School Discretionary Reserves' (Column H) has been divided into two columns. Any schools that did not have enough funds in their reserves to repay their FEFP revenue decreases will notice a negative budget amount in Column J. This deficit should be covered in a timely manner.

### CSR - Equalization (Project 5126)

The attached spreadsheet, "CSR – Equalization Recalculation – Adjustment Based on October FTE Survey (Exhibit D)," reflects the change in CSR – Equalization for applicable schools based on increases/(decreases) in <u>UFTE</u>. As a reminder, these funds may only be used to purchase basic instructional positions for core classes. Any funds remaining after the February 2012 recalculation may be used to pay for basic instructional substitutes via a Transfer of Expenditure. The following information is included on the spreadsheet:

- Columns A UFTE Breakeven Point
- Columns B D Original Allocation
- Column E Estimated Actual UFTE Per October Survey
- <u>Column F UFTE Less Than Breakeven</u> The 'Estimated Actual UFTE Per October Survey' (Column E) was subtracted from the 'UFTE Breakeven Point' (Column A) to obtain the revised UFTE less than breakeven.
- <u>Column G Mid-Year Revised Equalization Calculation</u> This column indicates the new Equalization allocation based on \$1,140 per 'UFTE Less Than Breakeven' (Column F).
- <u>Column H Increase/(Decrease) Equalization Calculation</u> The increase or decrease in allocation is indicated in this column. (Column G minus Column D)

### Enrollment

Each school's updated enrollment sheet showing a comparison between the 'estimated actual UFTE and WFTE' and the 'adjusted projected UFTE and WFTE based on the House/Senate budgets' may be found on the Finance website. Go to the Finance homepage, choose 'Budget Publications' under 'Quick Links,' and choose 'October 2011 Enrollment' under 'Fiscal Year 2011-2012/Supplemental Budget Information.'

The District will make another adjustment after it receives the 4th FEFP Calculation in April 2012. This adjustment will reflect the actual February 2012 FTE for your school, will include the effect of any state-wide DOE adjustments or downward prorations, and will be the final adjustment for the fiscal year.

Should you have any questions or need additional information regarding the calculation or budget issues, please do not hesitate to contact Julie Perry at 833-5850. If you have questions in regard to position changes, Paula Sadler (833-5833) and Jason Lulue (833-5828) will be happy to provide assistance.
