SUBJECT: Custodial Service Plan

On May 23, 2011, the School Board approved a school custodial services plan which would provide custodial staff and custodial supplies to each school and transfer the responsibility of oversight and management of the custodial program to the district level.

The School Budget Manual for fiscal year 2013-2014 contained a spreadsheet listing the custodial services assessment for each school. These assessments were locked into each school's budget detail form.

Now that the budget files have rolled, each school's <u>budget</u> for custodial services has been moved from 1010.7900.0315.Center to Custodial Services – Project 2011, with the exception of Workforce Development – Project 5110, VPK – Year Long – Project 0132, and Utilities/Custodial – Other – Project 0011. These projects have been pre-charged for custodial services based on their custodial services assessments.

The attached spreadsheet indicates the custodial services square footage and the custodial services assessment amount for each school/project (column D). Should you have any questions or need further assistance, please do not hesitate to contact:
