SUBJECT:

Career and Professional Education (CAPE) Bonuses

Pursuant to Florida Statutes (Section 1011.62), the District is statutorily required to pay bonuses to Career and Professional Education (CAPE) instructors (see attached Statute). The amount which an instructor will be paid is based on the following criteria:

- A bonus in the amount of \$50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.20, 0.30, 0.50, or 1.00.
- A bonus in the amount of \$25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.10.
- Bonuses awarded shall be provided to teachers who are employed by the District in the year in which the additional FTE membership calculation is allocated (fiscal year 2014-2015).
- Bonuses shall be calculated based upon the associated weight of a CAPE industry certification on the CAPE Industry Certification Funding List for the year in which the certification is earned by the student (fiscal year 2013-2014).
- Bonuses awarded to a teacher shall not exceed \$2,000 in any given school year and shall be
 in addition to any regular wage or other bonus the teacher received or is scheduled to
 receive.

The Career & Technical Education Department will provide each school with a list of qualifying teachers and the number and weight of certifications earned per institute. Please use this information to complete a bonus form for each institute. Copies of the bonus forms are attached. You will also receive the Excel version by e-mail.

Please use Excel to complete the appropriate bonus form(s) for your school. There is a tab for each institute. Excel will automatically tabulate the bonuses.

If you are able to return the completed form(s) to Payroll by April 15, 2015, the instructors will receive the bonus in their April paychecks. Should you have any questions or need additional information, please call Debby Fetner at 833-5849.

1011.62 Funds for operation of schools.

Career and Professional Academy Programs

(o) Calculation of additional full-time equivalent membership based on successful completion of a career-themed course pursuant to ss. 1003.491, 1003.492, and 1003.493, or courses with embedded CAPE industry certifications or CAPE Digital Tool certificates, and issuance of industry certification identified on the CAPE Industry Certification Funding List pursuant to rules adopted by the State Board of Education or CAPE Digital Tool certificates pursuant to s. 1003.4203.—

1.

- a. A value of 0.025 full-time equivalent student membership shall be calculated for CAPE Digital Tool certificates earned by students in elementary and middle school grades.
- b. A value of 0.1 or 0.2 full-time equivalent student membership shall be calculated for each student who completes a course as defined in s. 1003.493(1)(b) or courses with embedded CAPE industry certifications and who is issued an industry certification identified annually on the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education. A value of 0.2 full-time equivalent membership shall be calculated for each student who is issued a CAPE industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. For CAPE industry certifications that do not articulate for college credit, the Department of Education shall assign a full-time equivalent value of 0.1 for each certification. Middle grades students who earn additional FTE membership for a CAPE Digital Tool certificate pursuant to sub-subparagraph a. may not use the previously funded examination to satisfy the requirements for earning an industry certification under this sub-subparagraph. Additional FTE membership for an elementary or middle grades student shall not exceed 0.1 for certificates or certifications earned within the same fiscal year. The State Board of Education shall include the assigned values on the CAPE Industry Certification Funding List under rules adopted by the state board. Such value shall be added to the total full-time equivalent student membership for grades 6 through 12 in the subsequent year for courses that were not provided through dual enrollment. CAPE industry certifications earned through dual enrollment must be reported and funded pursuant to s. 1011.80.
- c. A value of 0.3 full-time equivalent student membership shall be calculated for student completion of the courses and the embedded certifications identified on the CAPE Industry Certification Funding List and approved by the commissioner pursuant to ss. 1003.4203(5)(a) and 1008.44.
- d. A value of 0.5 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 15 to 29 college credit hours, and 1.0 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 30 or more college credit hours pursuant to CAPE Acceleration Industry Certifications approved by the commissioner pursuant to ss. 1003.4203(5)(b) and 1008.44.
- 2. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification, in accordance with this paragraph, to the program that generated the funds. This allocation may not be used to supplant funds provided for basic operation of the program.
- 3. For CAPE industry certifications earned in the 2013-2014 school year and in subsequent years, the school district shall distribute to each classroom teacher who provided direct instruction toward the attainment of a CAPE industry certification that qualified for additional full-time equivalent membership under subparagraph 1.:

- a. A bonus in the amount of \$25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.
- b. A bonus in the amount of \$50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.2, 0.3, 0.5, and 1.0.

Bonuses awarded pursuant to this paragraph shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the calculation. Bonuses shall be calculated based upon the associated weight of a CAPE industry certification on the CAPE Industry Certification Funding List for the year in which the certification is earned by the student. Any bonus awarded to a teacher under this paragraph may not exceed \$2,000 in any given school year and is in addition to any regular wage or other bonus the teacher received or is scheduled to receive.
