

Are you ready for Common Core?

Learn practical, evidence-based suggestions for understanding CCSS and using data-informed, flexible grouping to manage whole class and small group collaborative activities. Participants will learn how to enhance teaching and improve student outcomes in any classroom, **regardless of grade or content area.**

**Dr. Vicki Gibson, Ph.D.**, is a nationally known education consultant and trainer. A former kindergarten teacher, learning disability specialist, and school leader, she is the author of a number of *books on effective pedagogy, including Differentiated Instruction: Grouping for Success*. Ms. Gibson is the chair and president of Gibson Hasbrouck & Associates, a consulting group focused on providing research-based and skills-focused professional development. *Implementation (2009)*, both authored by Vicki Gibson, Ph.D. and Jan Hasbrouck, Ph.D.,
