

March 23, 2020

Hello Parents of Ruckel Middle School Students. Tomorrow Tuesday, March 24th we will distribute Chromebook and laptop devices to Ruckel families that do not have a home device. If you have a desktop, laptop or Chromebook at home it will work with the Edgenuity program. iPads will not work for Middle School Instruction. Please do not come for a device at Ruckel if you have one of these devices at home. We will sign out one device per family. If you do not have internet access, you will also be able to sign up for that access. Please bring a picture ID and a writing utensil. In order to follow CDC guidelines all parents will be required to stay in their cars. So that we do not have too many people on campus at one time, it will be important that you follow the following schedule.
